## HAWBAKER IS SPEAKER FOR 350 FARMERS

More than 350 attended the annual family picnic meeting of the Adams County Farmers' Association Wednesday evening at the South Mountain Fairgrounds and heard State Senator D. Elmer Hawbaker urge them "to pay attention to what's going on at Harrisburg and Washington."

Expressing doubt that a public stand was a wise political move, Senator Hawbaker told the farmers he is in favor of the big truck bill and "unequivocally opposed" to the school bus bill.

He said he is making his position on those two highly controversial bills known "because the public has a right to know how I stand."

### EXPLAINS HIS STAND

Hawbaker said he is in favor of the big truck bill for the general state welfare. Pennsylvania's weight limits now are lower than any nearby state and the lowest in the nation, he said. "We must conform to the limits in other nearby states or industries and employers will relocate outside this state," he declared. He told the farmers milk hauling costs would be cut by passage of the big truck bill raising weight limits. He predicted passage of the bill, possibly with amendments.

The school bus bill, which would provide public transportation for parochial school pupils, is one of the "most controversial" at this session, Hawbaker said, and added that he feared it may be decided "on an emotional basis rather than on its merits." He said he had attended a committee meeting in Harrisburg Wednesday at which senators favored submitting the bus issue to the people of the state in a referendum.

The senator said he believes state money should not be used for private schools, that if money for buses is approved there will be other future demands and that state money is used for private schools there will be a great increase in the number of parochial schools by many churches.

### OWN BILL MAY PASS

Senator Hawbaker spoke of the "terrific load of legislation" before the current session of the legislature and said more than 100 were on Wednesday's calendar. He spoke briefly of the more important ones, including one he had introduced to amend the prevailing wage act that has proved

## Nixon Asserts Khrushchev Is Not Mellowing On Test Ban

By GEORGE BOULTWOOD  
BERLIN (AP) — Former Vice President Richard M. Nixon told the West today not to be deceived by the apparent mellowing of Premier Khrushchev over the test ban treaty.

He told a news conference that to believe Khrushchev's attitude meant relaxation of tension or progress toward ending the cold war "is the most woolly headed thinking possible."

Nixon asked: "What is Mr. Khrushchev mellowing on? Go to East Berlin, to Budapest and other places behind the Iron Curtain and you'll find no evidence of mellowing there."

### REPPRESSED BY POLICE

He said that from his two visits to East Berlin Wednesday he concluded East Germany was the most tightly repressed police state in the world.

"I told Communist officials shadowing me that they were murderers," he said. Nixon pointed to the general clampdown on freedom in the East bloc, the amount of Soviet espionage around the world and the Communist offensive in Latin America "which is the greatest danger it has ever been."

If Khrushchev really wanted relaxation he could prove it by granting more freedom to Communist-ruled nations and calling off the worldwide Communist subversion offensive, Nixon said.

### RECALLS FAILURES

"I know it is very easy to be a Monday morning quarterback, but I can point to two failures by both administrations to take action over Communist moves—the Hungarian revolt and the building of the Berlin Wall," Nixon said.

In referring to Hungary he said he realized he was criticizing an administration of which he was a member.

## Initial Test Ban Treaty

MOSCOW (AP)—The United States, Britain and the Soviet Union today initiated a treaty banning nuclear weapons tests in the air, outer space and under water.

The historic agreement was initiated by U. S. Undersecretary of State W. Averell Harriman, British Science Minister Lord Hailsham and Soviet Foreign Minister Andrei Gromyko.

The three spokesmen announced the action after a three-hour meeting at the Foreign Ministry reception hall in Spiridonovka Place.

Harriman told the newsmen that he had completed a "very important work."

## YOUNG MOTHER OF THREE ENDS HER OWN LIFE

Mrs. Shirley Ann Quesenberry, 23, Gettysburg R. 4, mother of three, died this morning at 12:05 o'clock at the Warner Hospital six hours after she, according to the county coroner, fired a .22 calibre bullet through her head at her home near Heidlersburg.

Dr. C. G. Crist, the county coroner, said the death was a suicide. According to the coroner, her husband, George A. Quesenberry, was eating supper when he heard his wife call from the second floor that she should come to the stairway and "see something." When he arrived at the foot of the stairs Mrs. Quesenberry, at the top of the stairway, put a .22 calibre rifle to her right temple and pulled the trigger. The shooting occurred at 6 o'clock Wednesday evening.

Mrs. Quesenberry went to a store nearby to summon assistance and the York Springs ambulance responded to the call through the Quick Call Center to remove Mrs. Quesenberry to the Warner Hospital. She was unconscious from the time of shooting, according to state police who joined Dr. Crist in the investigation.

### LEAVES NOTE

Dr. Crist said Mrs. Quesenberry left a note saying she knew her husband did not love her and that she could not live without love. The note also said she did not want a viewing and expressed the hope that her husband would give their three small children, the oldest aged three, to her mother to raise, with the hope that the children would not be separated.

Surviving are the husband, George A. Quesenberry; three children, Rhonda Sue, George A. Jr., and Wesley T. Quesenberry; her mother, Mrs. Louise Gauskia, Houston, Tex., and three sisters, Mrs. Charles Whittington, Mrs. Larry Lyle and Miss Lana Jean Preamaus, all of Houston, Tex.

Mrs. Quesenberry was born in Louisiana, a daughter of the late Clifford Bergeron and Mrs. Louise Guidry Bergeron Gauskia.

Private funeral services will be held Saturday morning at 9:30 o'clock from the Dugan Funeral Home, Benderville, with Rev. Dr. O. D. Coble officiating. Interment in the Heidlersburg Cemetery. There will be no viewing.

### SECURE LICENSE

A marriage license has been issued in Frederick, Md., to Robert David Anders and Cherie Lloy Bream, both of Gettysburg.

### ENTERS HOSPITAL

Eugene F. Funk, New Oxford R. 1, has been admitted to the Hanover Hospital.

## Nixon Declares Communism Complete Failure In East Berlin After Return Visit

By LOYAL GOULD  
BERLIN (AP) — Former Vice President Richard M. Nixon made an unheralded return visit to East Berlin Wednesday night and found that "communism is a complete failure in East Berlin."

He said he found the East Berliners even more anti-Communist than the Poles and the Hungarians.

Hekled by Communists and trailed by a horde of security agents on his scheduled visit earlier in the day, Nixon decided to see "what life is really like in East Berlin."

### DIMLY LIT STREETS

Walking dimly lit streets, Nixon encountered East Berliners who whispered "I'm no Communist, Mr. Nixon" and "our only hopes lie in you Americans," then disappeared in shadows.

Youths in a night club cheered when Nixon told them, "I've been in Budapest and I only hope you people can some day get at least the small amount of freedom that

## \$36,000 IS BEQUEATHED TO DECEASED MAN

The late George L. Haenn, former chairman of the Adams County Red Cross Chapter who died August 15, last year, is listed as one of several beneficiaries to receive \$36,000 each, tax free, under terms of the will of his late sister, Agnes Haenn, Concordville, Chester County. The will was probated in the office of the register and recorder here. The bequest will be placed in the estate for his widow, Mrs. Blanche Haenn, Punxsutawney, and son, George J. Haenn, Ft. Worth, Tex., who also is bequeathed \$36,000 in his late aunt's estate.

### HUGE ESTATE

A total of \$122,000 was bequeathed to three other brothers or their survivors and \$50,000 will be placed in trust for the care and maintenance of a sister, Mary, for life. The remainder will be given to the Society for the Propagation of the Faith upon her death.

Coexecutors Thomas A. Riley, Westtown Twp., Chester County, and James C. O'Donnell, Philadelphia, are directed to distribute the remainder of the estate to Catholic Charities at their discretion.

Miss Haenn's will leaves \$5,000 to St. Thomas Church, Ivy Mills, Pa.; \$1,000 to Sister Prudentissima, of the Order of the Immaculate Heart, West Chester; \$2,000 to the Sisters of St. Francis, Glen Riddle, Pa.; \$1,000 to St. Joseph Indian School, S. D.; \$500 to the Sacred Heart Free Home for Incurable Cancer, Philadelphia; \$500 to the St. Joseph Home for the Blind, N. J.; \$500 to the Little Sisters of the Poor, Philadelphia; a house and farm in Delaware County to the Sisters of Mercy, Merion; \$1,000 to the Sisters of the Holy Redeemer, Meadowbrook; \$2,000 to the Society for the Propagation of Faith for Masses for the deceased.

## 21 CHILDREN ENROLLED IN DAY SCHOOL

Twenty-one children of migrant workers in Adams County are enrolled in the Migrant Day Care Center held in Zion United Church of Christ, Arendtsville. The youngsters are three to eight years of age and are receiving preschool training from a staff of trained teachers and child development experts.

The school is held under the auspices of the Department of Welfare and is under the direction of Pennsylvania State University, Mrs. Naomi LeB. Naylor, coordinator of the Summer Migrant Day Care Program, who makes weekly supervisory visits to the local camp.

### FIRST TO OPEN

The Arendtsville camp is the first of 12 migrant day camps in the state to open for the season and will continue through August 30 unless enrollment warrants continuing the program into September. Rev. Joseph Hagler, migrant camp chaplain, estimates that approximately 900 migrants and families have arrived in Adams County to harvest fruit, with about 100 more scheduled to arrive by mid-August. The Day Camp in the Arendtsville church has facilities to care for about 40 children.

## VFW OFFICERS APPOINTED BY NEW LEADER

Appointive officers of the Gettysburg Veterans of Foreign Wars were announced Wednesday night by Commander Charles R. Moser at a meeting of the post in its home on E. Middle St.

They include: Charles Buckley, officer of the day; Wayne W. Asper, historian; Ira Bollman, service officer; Attorney Gerald R. Walmer, legislative officer; Robert Swisher, assistant adjutant; Walter O. Powell, post adjutant; John Rummel, assistant quartermaster; Charles Dillon, guard; Norman Myers, national color bearer; Patrick McDermitt, public relations officer; and John Maslowski, employment officer.

Robert L. Bushman, Gettysburg R. 3, was accepted as a new member. Quartermaster Joseph Sanders announced the post has a membership of 485, including 11 life members.

Service Officer Bollman reported that under present rules the disability pension of a veteran stops as of the first of the month in which he dies.

He added that the Veterans Administration Hospital at Martinsburg, W. Va., now has beds available for veterans who have applied for hospitalization and are approved due to their inability to pay for hospitalization in local hospitals. There "is no waiting list at this time," he said.

It was announced that Past Commander John E. Kerrigan has been appointed general chairman of the Veterans Day program by the Allied Veterans Council, and has been appointed membership chairman for the membership drive of the VFW by District Commander Kopp.

The next meeting will be held August 28.

## COUNTY WOMAN IS FOUND DEAD

Mrs. Lottie Ruth Hoover, 69, Abbottstown, died this morning at 3:48 o'clock at her home.

She had been in her usual health when she retired. She was found dead by her husband, Lester C. Hoover, who summoned a physician, who in turn called Dr. C. G. Crist, Adams County coroner. Dr. Crist said death was caused by a coronary occlusion.

The deceased was a native of Abbottstown, daughter of the late Bert A. and Anna (Heilmann) Ruth, and was a member of Emmanuel United Church of Christ, Abbottstown, the Sunday School, the Ladies' Aid Society and the Abbottstown Fire Co. Auxiliary.

Her husband is her only immediate survivor.

Brief services will be held for the family Sunday afternoon at 2 o'clock at the late residence, followed by further services for friends at the United Church of Christ, Abbottstown, at 2:30 o'clock with Rev. John Z. Martin officiating. Interment in the St. John's Lutheran Cemetery, Abbottstown. Friends may call at the late residence Saturday evening. Arrangements for the funeral were made through the Feiser Funeral Home, New Oxford.

The quarterly meeting of the Civil War Association will be held Friday afternoon at 4 o'clock.

## Scholarly Cowboys Halt Herd Stampede

It looked like a western stampede on U. S. 15 south of Emmitsburg, Md., Monday evening as Mt. St. Mary's College's herd of registered Black Angus and Hereford cattle decided to take a stroll down the highway. Motorists attempted to herd the cattle off the highway by the use of their car horns but only added to the confusion on the busy north-south interstate route.

Many motorists stopped along the road to assist in the round-up and one little girl told her naval commander father that this was more fun than the Gettysburg Battlefield. With the aid of the local police, Chief John Law and State Trooper Earl Tracy the college wranglers led by Rev. Hugh J. Phillips, college librarian and director of the National Shrine Grotto, and Dr. John J. Dillon, chairman of the English Department and athletic director, the rampaging herd was finally corralled and bedded down for the night. But the shades of the old west lingered on along the highway as echoes of "Which way did they go?" sounded through the night.

Rev. Philip A. Barrett, college treasurer, reported a fully tallied herd the next morning and extended his appreciation to those motorists who assisted members of the college staff. But one old timer replied that no thanks was needed cause this was the most excitement he had had on his whole vacation.

### DRIVER ARRESTED

Emanuel J. Kump, Emmitsburg R. 2, was arrested by Hanover borough police for failure to yield the right of way to oncoming traffic, following a two-car collision in Hanover, Wednesday at 2:55 p.m. The operator of the other car involved was Anna Mary Neiderer, McSherrystown.

## SUPPRESSION OF EVIDENCE BEING ASKED

The Adams County court has been asked to suppress evidence of bookmaking against Amelia Agnes Liversberger, East Berlin R. D., on the allegation that the evidence was obtained by unlawful search.

A hearing on the petition is scheduled for the August term of court.

The motion, as filed by Attorney Raymond R. Smith, York, and Attorney Gerald R. Walmer, of the Adams County bar, alleges that "on April 4, 1963, Amelia A. Liversberger was operating a Cadillac automobile in Union Twp., Adams County, when she was stopped by members of the Pennsylvania State Police and presented with a search warrant for the search of her automobile."

### HEARING IN APRIL

"The warrant . . . was undated and represented that it was issued upon the complaint of C. J. Shovin, of the Pennsylvania State Police, and alleged that on information received from confidential sources on or about April 2, 1963, the said C. J. Shovin believed the said defendant was engaged in horse race betting."

On April 4, Officer Shovin filed an information before Justice of the Peace Robert P. Snyder here "pursuant to said search and seizure" charging Amelia Liversberger "with the crime of bookmaking."

On April 19 a preliminary hearing was held before Justice Snyder here and "at said hearing C. J. Shovin refused to disclose any information upon which the said search warrant was issued."

### MUST SHOW CAUSE

The attorneys for Mrs. Liversberger claim that "said search and seizure was unlawful and in violation of the Fourth, Fifth and Fourteenth Amendments to the Constitution of the United States of America because" the search warrant was "unlawfully issued and void," in that "the complaint upon which it was based failed to set forth sufficient information upon which a search warrant could be legally issued and that said warrant failed to bear a date of its issuance."

The court July 6 issued a rule on District Attorney Daniel E. Teeter to show cause why the court should not enter an order suppressing "any and all evidence gathered and received in the course of search of Amelia A. Liversberger on April 4, 1963."

The court made the rule returnable 15 days after service. Service was made on the district attorney Tuesday.

## Weed Ordinance Will Be Enforced

Borough authorities are starting a belated drive on land owners who have permitted weeds to get out of hand. A survey by police officers is now underway and notices will be mailed, Mayor William G. Weaver said, by August. A deadline of August 10 will be set and the penal provision of the "weed" ordinance will be invoked as of that date.

The ordinance provides for a fine of \$5 and each day the weeds remain uncut "shall be deemed to be a separate offense."

A check with Lefty H. Winebrenner, borough engineer, disclosed that the borough cannot undertake weed cutting on private property this year due to their heavy schedule of street building, etc.

Weaver urged all citizens to comply so that penalties would not have to be inflicted.

## 8 COUNTIES WIN HONORS AT MIFFLINTOWN

See Photo On Page 3

Adams County 4-H members presented the top demonstrations in eight categories Wednesday at the South Central District 4-H demonstration contest at Mifflintown. As a result they will represent the district in the "State 4-H Day" contests at Pennsylvania State University August 13. Adams County had sent 11 teams in to the competition.

A total of 46 teams competed from the 11 counties of the district. The counties represented in addition to Adams were Center, Clearfield, Clinton, Cumberland, Franklin, Fulton, Juniata, Perry, Snyder and Union.

Blue ribbons were presented to those contestants who scored between 90 and 100, red ribbons to those whose scores were 80 to 89 and white ribbons for scores 70 to 79.

### TOP SCORERS

Paul Middour, York Springs R. 2, with a 96 score, was tops in the entomology division. His demonstration, entitled "That's Life," compared the life cycle of the grasshopper with that of the monarch butterfly.

Lynn Galusha, Benderville, with a 93.5 score, had the top demonstration in the horse division. Theme of the demonstration was "Selecting the Horse."

David Lott, Gettysburg R. 4, with a score of 88.5, was tops in the livestock division of the demonstration contests. Theme of his demonstration was "Quality Beef Through Selective Breeding."

Shirley Bair, Littlestown R. D., with a score of 94, was tops in the livestock conservation class with a demonstration on "Grub Control Is Good Business."

### OTHER HIGH SCORERS

John Schwartz, Littlestown R. D., with a 96 score, was high scorer in the poultry division with a demonstration entitled "Poultry Can Mean Money."

David Almone, New Oxford R. 2, with a score of 87.5, was the top scorer in tractor division with a demonstration on "General Tractor Lubrication."

Anna Mayers, Littlestown R. (Continued On Page 3)

### DIVORCE RECOMMENDED

Attorney Eugene R. Hartman recommends the divorce of Richard C. Altland, East Berlin, from Fern Freda (Anderson) Altland, Aspers R. 1, on grounds of desertion, according to his return as master in the divorce action filed this morning in the prothonotary's office.

## Rail Strike Is Averted For At Least 30 Days By Action Of 195 Carriers Of Nation

WASHINGTON (AP) — The nation's railroads agreed today to put off for 30 days the posting of new manpower-trimming work rules. This averts a threatened nationwide strike next Tuesday.

Daniel P. Loomis, president of the Association of American Railroads, announced the decision at a House Commerce Committee meeting.

Loomis said the 195 carriers involved in the explosive work rules dispute would not impose the changes until 12:01 a.m. Aug. 29.

Loomis said the railroads were taking this step in order to cooperate with Congress which is considering President Kennedy's plan to turn the 4-year-old work rules controversy over to the Interstate Commerce Commission.

### REQUESTED DELAY

The chairman of the House and Senate Commerce committees had requested the delay Wednesday, saying Congress didn't have time to act by Monday evening. When the request was made,

## STATE CHECKS SITUATION ON BYPASS SIGNS

Henry D. Harral, state secretary of highways, has informed Mayor William G. Weaver, in response to a request on July 12, that traffic engineers will keep the Gettysburg bypass sign situation under study and continue to meet with area businessmen if necessary.

Harral informed Weaver that additional signs designating "Gettysburg Battlefield" will be erected for traffic approaching from the south—these in addition to those already erected at the southern end in the past week.

A sign has been erected on the northern approach to direct traffic to the battlefield to continue on old U. S. 15. An additional sign will be erected in advance of this point if permission can be secured from the adjacent property owner to erect it, Harral said, because the state right-of-way is limited at this point.

Harral noted that his director of the Bureau of Traffic, Edmund R. Ricker, had met with business representatives to discuss the problem of signing in the area and all had agreed on the steps taken up to now.

Following the close of the centennial celebration a large group of businessmen met to protest the "confusing" marking of the bypass. They maintained that traffic approaching from the south was almost completely diverted from old Rt. 15, the battlefield and the service area. Representatives of the group met with Assemblyman Harry D. Ridinger, who served as their spokesman at the capital, and members of various civic and business organizations in town.

## 24 MINISTERS ARE ARRESTED IN PROTESTS

NEW YORK (AP)—Twenty-four ministers, most of them Negroes, blocked an entrance to a hospital construction site in Brooklyn today and were arrested.

Police also arrested 27 other demonstrators here.

The clergymen, many of them in clerical garb, were continuing a civil rights protest against job discrimination in the building industry.

### MASS ARREST

Before the group moved across the main entrance to the Downstate Medical Center and stood massed before a cement truck waiting to depart, one of their number told reporters that the ministers would submit to mass arrest.

The Rev. Augustus Jones Jr., coordinator of the group of ministers sponsoring the 15-day-old Brooklyn demonstration, said the clergymen primarily were protesting alleged union discrimination.

The Rev. Mr. Jones added, however, that the civil disobedience could be considered a reply to the jail sentences imposed on five white persons Wednesday arrested for similar demonstrations at a city housing project in Manhattan.

Criminal Court Judge T. Vincent Quinn gave 60-day terms to three persons and 30-day terms to two, all of them were arrested July 11 at the Rutgers Houses construction project on the lower East Side.

## GLENN NAMED TO NEW POST

Professor John G. Glenn, Pearson professor of Latin, has been named chairman of the newly organized Department of Classics at Gettysburg College.

Since the founding of the college the departments of Latin and Greek were separate units. In 1963 the two were combined into the Classics Department. Glenn, who has been Pearson professor of Latin since 1932, will continue to teach in that field. Assistant Professor C. Robert Held will continue to teach Greek. A newcomer, Associate Professor Mrs. Ruth E. Pavlantis, will teach both Latin and Greek courses. She has been teaching in both fields at the University of Hawaii.

During the second semester of the past year, Dr. Glenn spent a sabbatical leave of absence in Europe, most of the time in Sicily, Italy and Greece where he collected materials for various courses in classics while visiting important sites and museums.

Both the Pearson professorship of Latin and the Franklin professorship of Greek held by the late W. F. Shaffer are endowed chairs.

## GRIZZLY BEAR CLAWS COUPLE

WEST GLACIER, Mont. (AP)—A Pennsylvania couple has been hospitalized in Whitefish after being clawed and bitten by a grizzly bear in Glacier National Park.

The couple, Mr. and Mrs. D.P. Devall of State College, Pa., was hiking from Bowman Lake to Brown's Pass in a wilderness area Park Supt. H. L. Bill said Wednesday.

They came upon a female bear with cubs and the bear attacked Devall, clawing and biting him. Then the bear knocked Mrs. Devall to the ground and clawed and bit her hands, arms and legs.

Bill said the bear attacked Devall once more before escaping with its cubs.

Leaving his wife in a sleeping bag, Devall managed to reach the community of Polebridge. A rescue team brought back Mrs. Devall on a stretcher.

## Railroads Post Notices On Change

PHILADELPHIA (AP)—Both the Pennsylvania and Reading Railroads have announced that, barring congressional action, changes in work rules will go into effect as scheduled at 12:01 a.m. next Tuesday.

Spokesman for both roads said Wednesday that notices to employees of the changes have been posted on company property.

Work rules changes, which are expected to cost many railroad jobs, are at the heart of the current dispute between labor and management, which could lead to a major transportation strike.

### FIND STOLEN CAR

A 1952 Pontiac sedan, stolen from the H. and H. Machine Shop lot on S. Washington St. Saturday night, has been recovered in Dundalk, Md., state police at the Gettysburg barracks have been notified. The auto is "not in running condition."

TORONTO (AP)—Longshoremen began unloading cargo from ships today after a one-day wildcat strike that paralyzed Toronto's harbor.

### 14,000 Advisers In South Viet Nam

SAIGON, Viet Nam (AP)—The number of U.S. military advisers in South Viet Nam has reached 14,000, qualified sources said today.

The buildup in the American military establishment here began in late 1961 when the threat of a victory by Communist guerrillas was recognized as critical. At the time, there were only about 1,000 American advisers here.

Besides servicemen, there are at least 1,000 official American civilians working directly or indirectly on the war effort against the Viet Cong. These include U.S. Aid Mission representatives working on problems of hamlet development and defense.

### Balky Door Delays Hoffa's Hearing

NASHVILLE, Tenn. (AP)—The pre-trial hearing of Teamster President James R. Hoffa in U.S. District Court Wednesday was delayed by a balky closet door.

The stuck door defied the best efforts of a husky U.S. marshal, several bailiffs and numerous attorneys. While the government sent for a carpenter, Hoffa removed his left shoe and flailed away at the hinges.

Judge Frank Grey called a recess until the carpenter broke open the door.

The closet contained the defense attorneys' briefcases.

### Health Service To Eye Incoming Poles

WASHINGTON (AP)—The Public Health Service said today it has alerted all foreign quarantine stations to be especially vigilant in clearing persons arriving from Poland, where the city of Wroclaw had been struck by a outbreak of smallpox.

Polish health authorities thus far have reported six smallpox cases in Wroclaw. There has been one death. The origin of the outbreak has not been established.

## DIOR OFFERS DARING LINES AT NEW SHOW

By LUCIE NOEL

PARIS (AP)—Christian Dior today showed the most daring low cut bosom line in years—but left the hemline modestly just covering the kneecap.

The House of Dior, a recognized fashion leader, tightly strapped down bosoms but left them to bulge seductively in vampire sheaths and low, square necklines.

Bloused cocktail dresses were left wide open, revealing almost the entire bosom.

### LIFTS WAISTLINES

Designer Marc Bohan, in the fall and winter designs given their first showing this morning, lifted waistlines in shifts and chemise dresses—mostly in the evening models—to just below the pushed-up bosom. The torso was elongated.

The greater exposure of the bosom applied only to certain types of dresses. Fashion observers did not expect it to change the course of designing history.

The program for the showing explained that the models had the winter hemline. This possibly opened the way for a drop in the hemline next spring.

Jacques Heim has lowered the hem by about three inches on his fall and winter wear.

### Biggest Quarter For Ford Motors

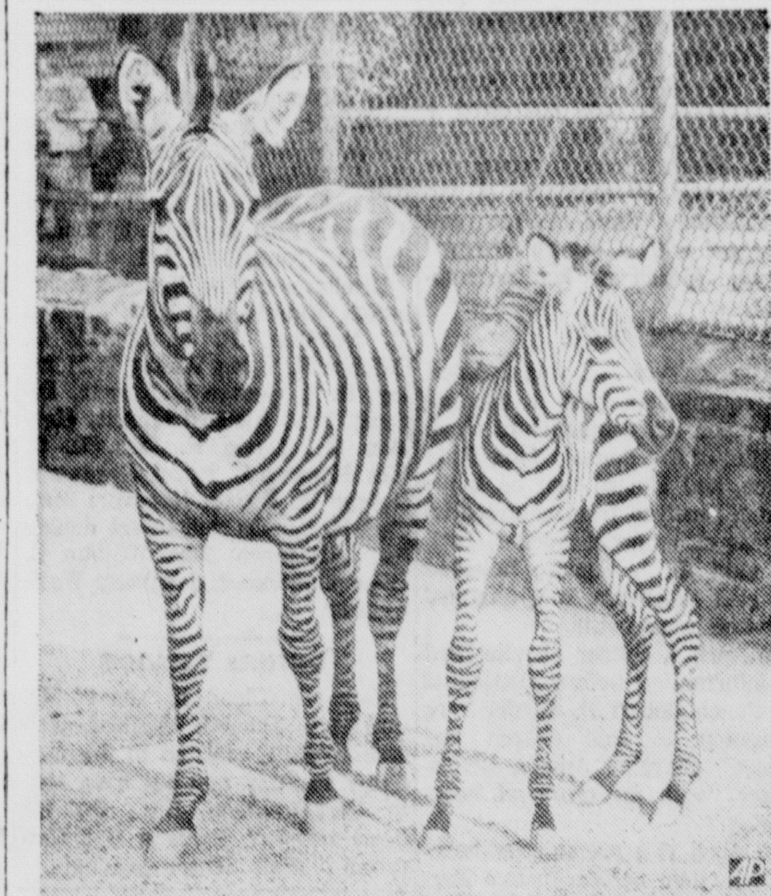

NEW YORK (AP)—Ford Motor Co., first of the Big Three auto makers to report earnings for the three months ended June 30, made more money than in any other quarter of its 60-year history.

The company announced Wednesday that it earned \$155.9 million, equal to \$141 a share. This compared with \$140.6 million, or \$128 a share in the 1962 second quarter, the previous high.

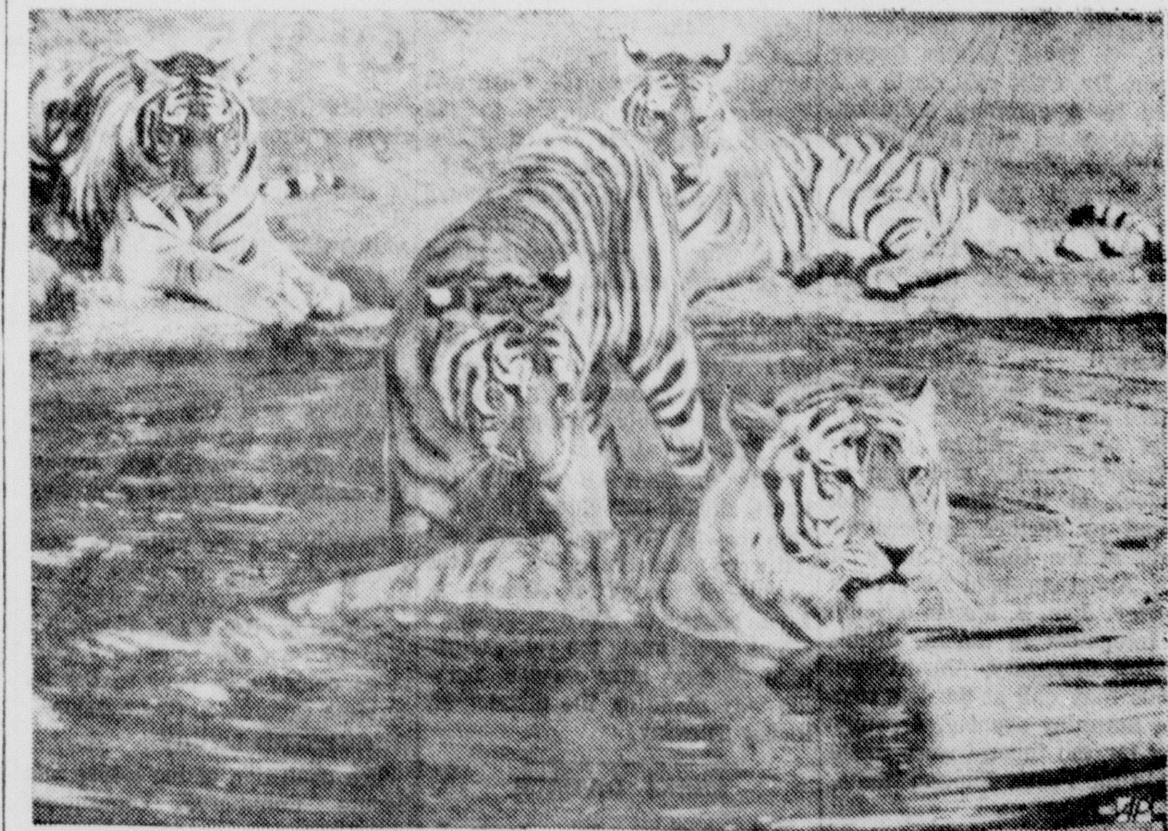

Sales of \$2,339,000,000 were 15 per cent higher than the second quarter of 1962, also a record.

NEW YORK (AP)—Heiress Mamie Spears Reynolds whose grandmother once owned the 112-carat Hope diamond, will be married here Saturday to the son of a retired Italian sports car racer.

Miss Reynolds and her husband-to-be, Luigi Chinnetti Jr., of Greenwich, Conn., both are 20. The wedding ceremony will be performed in Our Lady Chapel at St. Patrick's Cathedral. It will be the first marriage for both.

## SEEK RETIRED MEN FOR QUICK CALL CENTER

The Adams County commissioners Wednesday studied the possibility of securing two retired men to work three nights a week each, to fill the vacancy caused by the termination of Murray Wentz from duties at the quick call center.

Since Wentz's employment on the midnight to 8 a.m. shift was terminated the post has been temporarily filled, first by James A. Roth, S. Stratton St., who enters the Navy next week, and Barry Sease, present incumbent.

The commissioners noted that a \$1,200 a year salary each could be offered two retired men, and they could work out between them the nights they wished to work, and the county would thus be able to fill the post for \$2,400 a year.

### OK TOURIST COUNCIL

Applications for the position are available at the county commissioners' office.

Wednesday also the commissioners again passed the annual resolution approving the Gettysburg Travel Council as the county's tourist promotion agency, this permitting it to obtain state funds.

Wednesday morning the commissioners attended the public affairs workshop being held for the gas company employees at the Columbia Gas office here. The workshop is on the operation of local, county and state government.

The commissioners praised the instruction as they heard it during the session and answered a number of questions on county operation.

Late Wednesday afternoon the commissioners viewed a number of streams throughout the county where silting is causing possible changes in the stream at bridges to determine whether dredging operations are necessary.

## HOUSE WEIGHS VOCATIONAL SCHOOL PLANS

HARRISBURG (AP)—Legislation calling for the creation of post-high school technical training schools was headed for the House today after receiving unanimous approval in the Senate Wednesday.

The measure would direct county school boards to submit plans by next Jan. 1 to the state Board of Vocational Education for the establishment of vocational-technical schools and technical institutes.

The technical institutes would be set up for post-high school training while the vocational-technical schools would cover secondary level training.

### DISTRICT ACTION

Where county boards decide not to submit plans, school districts would be authorized to take such action on their own.

The technical institutes would offer post-high school programs in semiprofessional, skilled and "white-collar" fields, such as business management.

Operation of the vocational-technical schools would be financed by participating school districts.

However, the state would pay up to \$75 a pupil in vocational-technical schools and a third of the cost of tuition in technical institutes.

Meanwhile, a similar bill on technical and vocational schools which started out in the House, was on third reading in the Senate.

## WATER SPOUT HITS FLORIDA

PENSACOLA, Fla. (AP)—A cone of water a half-mile high whipped out of the Gulf of Mexico and cut a two-mile path through a lagoon. It ripped up fishing camps, demolished pleasure boats and temporarily stranded at least nine persons. But no injuries were reported.

Fishermen estimated the water spout—which is a tornado over water—was pushed by winds of more than 100 miles an hour when it struck Wednesday.

The main damage was done by one huge water spout, estimated by observers to be a half-mile tall and more than 200 yards at the base. But several other smaller spouts slammed against the beaches near the lagoon, about 10 miles west of Pensacola.

Damage estimates ran from \$80,000 to \$150,000. At least a dozen boats were destroyed and several fishing shacks were blown in.

### Gives Advice To GOP Hopefuls

BERLIN (AP)—Former Vice President Richard M. Nixon today urged GOP presidential hopefuls to "quit indulging in the favorite Republican sport of cannibalism, or they are going into a heavy defeat."

"The salvos being fired at each other by the candidates are damaging the Republican cause," he told U.S. newsmen.

He had been asked to assess the chances of Sen. Barry Goldwater and Gov. Nelson A. Rockefeller of winning the Republican nomination.

"The battle is just beginning," he said. "People who are already conceding to Goldwater are making just as serious a mistake as those who conceded to Rockefeller just three months ago. My advice is to wait until all the candidates are known."

## WILL CONDUCT "KANGAROO" COURT FRIDAY

McSherrytown — Burnell Billman, chairman of the participation committee of the McSherrytown bicentennial, announced that the first session of the Kangaroo Court will be held in front of the bicentennial headquarters, Main St., Friday at 8 p.m.

The court will include William Harman, Clarence Ackerman, Joseph Hagerman, John Spangler, Clifford Neiderer, Bernard Wallack, and William Bell, policemen; Frank Rang, clerk of court; Adrian Yantis, defense attorney; Donald Krepps, district attorney; and Cyril Ackerman, presiding judge.

### TO WEAR COSTUMES

Friday has been proclaimed as the official starting date for wearing of bicentennial costumes. Residents of McSherrytown are being requested to wear their costumes at all occasions from then until the final night of the celebration.

The girls that are working to win the title of "Queen of the Bicentennial" are ranking in order to date: Joan Bair, Mary A. Conrad, Louise M. Eline, Mary A. Weaver, Carolyn Wagner, Patricia Weaver, Sylvia Topper, Judy Slagle, Dorothy Hemler, Rose Marie Miller, Janet Staub, Stella Topper, Kathy Keffer and Loretta Gebhart and Rose M. Sneeringer tied for 14th. Last day for queen voting will be August 5, the day before the initial pageant presentation.

## ASC NOMINEES

(Continued From Page 1)

ber 5 the ballot will be counted. The man in each district receiving the highest number of votes will become the chairman of his community committee; the one with the second highest vote, vice chairman; third highest, regular member; fourth highest, first alternate; and fifth highest, second alternate.

During the week of September 8 the chairmen elected in the six districts will meet to select the county ASC committee.

The districts and their present chairmen include: Fairfield, including Hamiltonban, Liberty, Highland and Freedom Twp.s.; George Steinberger, Fairfield R. 2; Gettysburg, including Mt. Joy, Cumberland and Straban Twp.s.; Russell Burborow, Gettysburg R. 1; Littlestown, including Union, Germany and Conewago Twp.s.; Ivan Arentz, Littlestown R. 2; New Oxford, including Mt. ## HAWBAKER IS

(Continued From Page 1)

so costly to Adams County school districts and boroughs. He said there is still some hope his bill may pass, Hawbaker said. A bill to rescind the act failed to get out of committee, he said.

As he urged farmers to take an active interest in politics, he told them: "You're the only group in the state and nation that represents labor and management and can get the whole economic picture. There are only two farmers in the state Senate now and I hope the day will never come when there aren't any farmers there. Many senators are conscientious and want to do the right thing but they can't be expected to vote intelligently on agricultural questions about which they know nothing."

The speaker was introduced by the president of the Farmers' Association, Horace Frey. He had made a number of previous introductions including County Farm Agent Thomas Piper who congratulated the association on its activities and leadership. He cited Adams County's foremost role in agriculture among other counties in the state. He said Adams is fourth in beef cattle, fourth in hogs, tops in fruit, among the top 10 in poultry and 24th in dairying.

### OTHER ENTERTAINMENT

During the dinner which was served at 7 p.m., there was organ music by Mrs. Leone Klunk of Hanover and the Jacobs Brothers quartet of East Berlin sang a number of selections. The quartet included Robert, John, Richard and Michael Jacobs with Betty Lehman playing their accompaniment on the accordion.

Mrs. Otis Livingston, chairman of the committee in charge of the picnic arrangements, was introduced and she presented members of her committee. She also accompanied two girls in duet selections.

Dale Bair, Littlestown, one of the county's 11 competitors in the Youthpower Congress contest in March, spoke about the contest and the information gained by the young people involved.

President Frey announced September 27 as the date for the annual meeting of the association. The place will be announced.

## VFW SPONSORS AUG. 17 PICNIC

Plans for the annual picnic for the Scotland school children were advanced at the regular meeting of the Auxiliary of the VFW post at East Berlin Wednesday evening. The picnic will be held August 17 at Willow Mill Park under sponsorship of the VFW posts and auxiliaries of Adams, York and Franklin Counties. About 125 children are expected to attend.

This committee was named to carry out the auxiliary's picnic plans: Mrs. Betty Kopp, chairman, Miss Margaret Eisenhart and Mrs. Janet Sheffer.

Plans were made for a teenage dance at the post home Friday evening from 7:30 to 10:30 o'clock and these chaperones were appointed: Mrs. Sylvia Herman, Mrs. Marie Adam and Mrs. Mary Baker.

It was announced that Mrs. Baker has been appointed south central area cancer chairman in connection with the report of the delegates who attended the recent VFW convention in Harrisburg from July 9 to 13.

The immediate past commander of the VFW post, Donald Sheffer, appeared at Wednesday's meeting to thank the auxiliary for its work of the last year. Senior Trustee Edith Gordon presented the auditors' report.

The next local auxiliary meeting will be held Wednesday, August 14, at the post home at 8 p.m. Mrs. Kathryn Albright presided Wednesday.

## HAGARMAN'S PETITION TO BE PA. MODEL

A petition written by Attorney Ronald J. Hagarman is scheduled to become a form by which attorneys in the future will make up their petitions in similar cases.

Attorney Hagarman was asked Wednesday by the reviewing attorneys engaged in making changes in the Dunlap-Hanna Pennsylvania Form Book, much used by attorneys throughout the state as a guide in writing their petitions, to forward a copy of his petition in the case of the Commonwealth vs. Romberger so that the petition might be one of those in the book used as a model by attorneys.

The petition, listed as 39 of May, 1961, in Adams County court, was a puzzler for the local attorney because the case was unique, involving as the plaintiff the person was actually was the defendant.

### PROVED SUCCESSFUL

The suit was based upon the desire of a daughter to have the court set an order upon her providing for payment of support for her indigent father. Normally such suits would be begun by the parent or by the state public assistance office.

In the case before Attorney Hagarman neither the state nor the father wanted to bring suit against the daughter. However, she wanted the matter settled and it was up to the local attorney to figure out some way of presenting the matter so that the normal defendant would become the plaintiff.

The form he chose proved so successful in bringing the matter before the court that the committee for the form book decided to make it a standard.

## CIVIL SERVICE REFORM BILL PASSES HOUSE

By FRED WALTERS

HARRISBURG (AP) — Gov. Scranton's civil service reform bill passed the House Wednesday night and received a pledge of a quick consideration in the Senate. The measure, on which the administration staked considerable prestige, won unanimous support from house Republicans and also picked up five Democratic votes to pass, 111-86.

Senate Majority Leader James S. Berger said, "I will definitely bring the bill up before the (rules) committee today and I believe it will be reported from committee to the floor."

### EXPECTED TO PASS

Under the Senate's plan of operation to wind up the business of the 1963 session next week, all bills from the House and new Senate bills now are being referred to the Rules Committees, headed by Berger.

"If the bill contains the provisions I'm told it does," Berger added, "I think it will pass the Senate."

The bill would provide civil service covering an estimated 41,000 of some 78,000 state employees.

This would be done by extending coverage to approximately 17,000 jobs now outside any merit system; to about 8,000 positions now under civil service by executive order; to 13,000 regular civil service jobs, and to some 3,000 in civil service because they involve federally-aided programs.

### SPOILS SYSTEM DEAD

"The spoils system is dead," said Rep. George Heffner, R-Schuylkill, who was charged with the task of steering the bill through the House.

During the months while the measure was in Heffner's State Government Committee there were many predictions made that it would never pass.

Democrats pegged their opposition to two features of the bill. One would place on probation for 18 months all persons now holding jobs placed under civil service by executive order during the two preceding Democratic administrations.

### AMENDMENTS FAIL

The other would transfer classification of jobs and determination of salary from the Civil Service Commission to the governor's office.

Democrats submitted seven amendments, most of which would have eliminated one or the other feature. All failed.

"It's a farce, it's not civil service," declared Minority Leader Anthony J. Petrosky.

Rep. Thomas Foerster, Pittsburgh Democrat who masterminded the minority's assaults on the bill, called the two features "glaring defects."

The provision for probation of holdovers from the Democratic administrations only permitted Republicans to fire state employees "in a nice, smooth, way under the guise of civil service," Foerster said.

## VFW OFFICERS

(Continued From Page 1)

Mrs. Florence Boynton, Biglerville, and Miss Rosalie Caldwell, a graduate student in child development at PSU, are co-directors of the camp and are assisted by Miss Ann Marie Uhl, Charlottesville, Va., a recent graduate of Drexel Institute, and Miss Myrtle Baisow, Warren, Pa., a senior at PSU. Miss Karen Batt, a graduate student at Bryn Mawr, is a member of the staff and comes to Adams County after two summers of experience in migrant camps. She was a social worker in 1961 at a Franklin County migrant camp, and last summer worked with the Division of Migrant Labor in Washington. She spent the summer of 1959 in a summer school for migrants in New Jersey.

### LOCAL PERSONNEL

Local personnel on the staff at the Arendtsville Center are Mrs. Mildred Hildebrand, Biglerville teacher who works with the school age children, and her substitute, Mrs. Lewis Bosserman, Arendtsville. Mrs. Magdeleine Strine is the cook, and prepares breakfast and a hot lunch for the children, who attend the center from 8-5 o'clock five days weekly. The youngsters are transported by bus from their homes to the center by Martin Walter and receive preschool instructions comparable to nursery and kindergarten programs. The playground is equipped with swings, which were erected Monday by the Boy Scouts, sliding boards, sand boxes and other recreational features.

Day Care Center supervisors have asked for volunteers who would be available on a part-time schedule, or groups who are interested in completing child care requirements for special projects. Miss Batt also said that the center needs a collapsible nursery gate to close the church driveway to provide a safe area for the children.

Barbara Johnson, Gettysburg R. 1, scoring 90.5, won the right to represent the district with a demonstration entitled "A Golden Earful," concerning sweet corn production.

### OTHER RIBBON WINNERS

Other countians were Diane Sherman, Aspers who won a red ribbon with an 82.5 score in outdoor cookery with a demonstration entitled "Billy, Buddy and the Sticks;" Martha Hikes, York Springs R. 2, who won a blue ribbon with a 90 score in the "plan and plant for beauty" division with a demonstration entitled "Pressed or Depressed;" and Barbara Muller, Littlestown, whose safety demonstration entitled "First Aid For Burns" scored 93, and won her a blue ribbon.

Duane Duncan, associate Adams County farm agent, was chairman of the committee for the district demonstration contest. Joseph Lutz, assistant Adams County farm agent, and Mrs. Helen Tunison, county extension home economist, were among the judges.

Richard Davies of Pasadena, Calif., led the amateurs in this year's U.S. Open golf championship but he missed qualifying for the final 36 holes by two shots with scores of 73-81.

## Rail Strike

senators already have prepared resolutions to force a 30-day standstill in the dispute.

"But it would be most unfortunate for Congress to have to take that kind of action," Pastore said.

Harris made his plea for postponement as the House committee opened hearings on the administration plan to have the commerce commission handle work rules issues for the next two years, unless the unions and the railroads negotiate a settlement.

### KEY ISSUE

Key issue in the controversy is the makeup of the crews that operate trains. The railroads want to do away with some 60,000 jobs including those of 32,000 firemen and impose a variety of other rule changes.

Secretary of Labor W. Willard Wirtz argued the administration's case before the House committee for six hours Wednesday, while Loomis and Wolfe appeared before the Senate committee's four-hour night hearing.

Loomis said the executive board of his association unanimously approved Kennedy's proposal. Earlier, H. E. Gilbert, the head of the independent Brotherhood of Locomotive Firemen and Engineers, said in St. Louis the five unions are all opposed.

## Countian Receives Goucher Certificate

Miss Susan Claudia Polley, daughter of Mr. and Mrs. Glenn R. Polley, Main St., Fairfield, was one of 64 students recently awarded certificates by Goucher College for the successful completion of a five-week summer institute in economics and sociology for higher ability secondary school students.

The institute, which was held on the Goucher campus in Towson, Md., was sponsored by the National Science Foundation. It represented an extension into the social sciences of the Foundation's program for secondary school students in the natural sciences. The Goucher program was the first to be devoted exclusively to the social sciences.

## Back From Chicago Design Conference

Mr. and Mrs. A. H. Good, Twin Bridge Farm, have returned from Chicago where they attended the Teleflora national conference and design school. Top designers from many parts of the country attended.

There were speakers from Western Union, Michigan State University, Bell Telephone and Cornell University. Design work was shown in "fashions for tomorrow," sympathy tributes, bridal fashions, fashions in artificial flowers and corsages.

## WILL UNVEIL WEISER PLAQUE

A plaque designating the home of Conrad Weiser, pioneer Indian diplomat, as a national historic landmark, will be placed at ceremonies August 4 at 4 p.m. at Conrad Weiser Park, Womelsdorf. The plaque is part of a program of the National Park Service, Department of the Interior, under a congressional act of 1935, to designate historical buildings.

Dr. Sidney Bradford, historian of the Fifth Region of National Park Service, will present the plaque, to be received by Dr. S. K. Stevens, executive director, Pennsylvania Historical and Museum Commission, which administers the park. Dr. Arthur D. Graeff, representing the Pennsylvania German Folklore Society, the Historical Society of Berks County and the Conrad Weiser Park Association, will speak about the park's establishment.

Rev. Frederick S. Weiser, Lancaster, historian of the Conrad Weiser Family Association, and graduate of Gettysburg College and Seminary, will preside.

In addition, Mrs. Francis Martin, Buffalo, N. Y., will present a volume of Weiser genealogy in German on behalf of its author, her uncle, Rudolf Weiser of Stuttgart-Rohr, Germany.

Flowers and a flag will be placed on the grave of Weiser by a sixth-generation descendant, Mrs. Ida Krick, of Chicago, formerly of Reading.

Earlier in the afternoon, members of the Weiser family will hold their annual picnic reunion at the park.

## FHA OFFICE TO CLOSE 2 DAYS

The Gettysburg office of the Farmers Home Administration will be closed from 1 p.m. Monday until 8 a.m. Thursday, August 1, while Miss Donna Hamers, county office clerk, and Daniel A. Paddock, county supervisor, attend a biarea conference of personnel in the eastern half of Pennsylvania at Williamsport on Tuesday and Wednesday.

The conference is being held to discuss the latest policies in providing assistance to farmers and rural families and rural communities to strengthen the economy of rural people. It is expected that an important subject on the conference will be loans for recreational facilities to farmers who need additional income to balance their budget and bring their future income more in line with industrial workers and to improve the general economy of the area.

Recreational enterprises which may be financed on family farms include camping grounds, swimming facilities, tennis courts, riding stables, vacation cottages and lodges, lakes and ponds for boating and fishing, docks, nature trails, picnic grounds and hunting preserves. Loans secured by real estate may be financed up to 40 years. Loans for nonreal estate purposes are limited to seven years. The interest rate is five per cent.

Persons wishing further information about Farmers Home Administration services may visit the office in the Adams Electric Cooperative building or write to Post Office Box 308, Gettysburg 17325, or telephone Gettysburg 334-5814.

### STOCKS RALLY

NEW YORK (AP)—The stock market staged a sharp rally as news came of another postponement of a threatened rail strike but cut its gains early this afternoon as trading slowed.

Stocks surged ahead in a wave of heavy trading at the start when the ticker tape ran late. First-hour volume exceeded a million shares for the first time in a week.

Gains were trimmed as the initial burst of enthusiasm waned, but the market remained well ahead.

## Today's Talk

## INTERESTEDNESS

The person whom everybody wants to know is the one who knows something that they do not know — but would like to know!

You can be that sort of person by always being interested in everything — books, newspapers, magazines, nature, art, music, science, inventions, countries, sports, and people — most of all people. There isn't a human being on this earth from whom you cannot learn something.

Observe, listen, think. Take an interest in everything that comes to your notice — and notice everything! Few people are more interesting than reporters of newspapers, for they have to be alert and pay attention to the smallest details in the world's happenings. The writer of fiction is forever observing, gathering information, seeking out new knowledge about people and their ways.

One reason for so many unhappy people in this world is that they live too much within themselves. Their interests are caged and fenced in — with barriers shutting out their view.

People with many interests are forever discovering new ones — and this is a constant stimulus to the mind — broadening it and giving to it an enlarged vision. Busy people have little time in which to worry about their small affairs. Their larger affairs take care of these small ones smothering them into insignificance.

No one can place a limit to the capacity of your mind. You can continually surprise yourself by opening by new vistas, new joys, and new worlds!

Mountains, glaciers, rock formations, birds, trees, are no mere names when you read what John Muir had to say about them. They then become things that stimulate the mind, make God a hovering force in the Universe — and act as medicine to the soul!

## JUST A BABY!

Just a baby! nothing more,  
Millions have been born before,  
But this baby strangely seems  
To have come with golden dreams,  
And a miracle is wrought.  
She has changed our every thought.

Just a baby, but the place  
Seems to wear a fairer grace,  
Gone is all the solemn hue  
Rooms and hall and stairway knew.  
Nothing here is quite the same  
Since the days the baby came.

Laughter has a sweeter tone,  
Life itself has richer grown,  
She has changed and so have I,  
And this great world tramping by,  
Busy, heedless as before,  
Has been changed for evermore.

Just a baby, nothing more,  
Yet we tiptoe 'cross the floor,  
Fearful lest the sound we make  
Shall her time of slumber break,  
And within her tiny hand  
Lie the splendors we have planned.

Now beyond our tasks we see  
All that some day she may be.  
If with pride our faces glow  
She it is all made them so  
What is all this boasting for?

neuters at Gettysburg, with his family deployed as troops on the battlefield.

That fact was revealed Sunday evening by Mrs. Patton in a talk on the radio program, "We, the People," in which she described the outstanding characteristic of her famous husband during peace as "preparing for war."

General Patton's great-uncle was killed during the battle here she said. On one occasion General Patton brought his wife and family here to visit the field. He deployed the family as troops and started a charge shouting, "Here comes Uncle Thad over the wall with his jaw shot off," Mrs. Patton said.

## Giant Star Poses King-Size Query

HARRISBURG (AP) — Gov. Scranton got a king-sized question from a king-sized athlete Wednesday.

"Are you going to run for President . . . ?" asked big John Naponick, the 6-foot-9 1/2, 285-pound

football and basketball giant from Norwin High School.

Naponick, training for the sixth annual Big 33 scholastic all star game Aug. 3, at nearby Hershey was one of four high school football players to drop in on the governor.

Scranton laughed at the young athlete's question and adroitly

sidestepped the issue:

"Relax. Don't worry about that. Why don't you run for it? You'd certainly be the biggest one we ever had."

Accompanying Naponick were Dick Vidmer, Hempfield Area; Mel Yacamelli, Clairton, and Tom Snaith, Mount Lebanon.

## GIANTS CLOSE CANDLESTICK TO NEW CLUBS

SAN FRANCISCO (AP) — San Francisco Giants owner Horace Stoneham officially told Mayor George Christopher Wednesday that he will not allow any other major league baseball team to use city-owned Candlestick Park as a home field.

His refusal was obviously directed at Kansas City Athletics owner Charles Finley, who is understood to be interested in moving his team to Oakland, across San Francisco Bay.

Since a planned Oakland Stadium complex will not be ready for at least two seasons, Candlestick is currently the only existing permanent field suitable for major league play.

## HAD REQUEST

Christopher said he told Stoneham at a meeting Wednesday that "responsible people in Oakland" had called upon him with the request to use Candlestick.

## NORTON ON GOLF

THOUSAND OAKS, Calif. (AP) — Defensive halfback Jerry Norton of the Dallas Cowboys of the National Football League has a casual outlook on the game of golf. "I always shoot in the 70s," says Norton. "If it gets any hotter, I quit."

He notified the city in a letter he won't negotiate a new lease until September.

Finley told The Associated Press Saturday he was uncertain whether he would seek approval of other American League owners to move the club to Oakland when the season ends. He said Oakland approached him and offered to build a temporary stadium seating 27,500 for use until a larger one is finished.

Best final round during the 1963 U.S. Open at Brookline, Mass., was the 72 score by former champions Gene Littler and Julius Boros and South Africa's Gary Player.

## WHITEY FORD BEATS ANGELS AS TWINS WIN 2 FROM TRIBE

By BOB GREEN

Associated Press Sports Writer

"The catchers are carrying this ball club," said Yankee catcher Elston Howard.

"We've got the best infield in baseball," said Ralph Houk, Yankee manager.

"New York's got that great overall power," said Johnny Pesky, Red Sox manager.

"They've come up with a couple of fine young pitchers in Al Downing and Jim Bouton," said Bill Rigney, Los Angeles manager.

**FORD WINS 16TH**

So maybe they've all forgotten Whitey Ford? At least no one seems to be talking about him. Ah, well, maybe there's no reason to. He's just won 12 in a row, 16 in all, and, as usual, is shouldering the burden of the important pitching chores as the Yankees go bombing along toward another pennant.

The 34-year-old left-hander was no more excited than a businessman is walking to the office Wednesday as he turned in a workman-like 8-4 victory over the Los Angeles Angels, the Yanks' sixth straight. He allowed only six hits and struck out eight before giving way to a pinch hitter after seven innings.

Minnesota's Twins got good pitching performances from Dick Stigman and Jim Kaat in a double blanking of Cleveland, 9-0 and 5-0; Kansas City swept two from Boston, 5-2 and 7-6; Baltimore overcame a four-run deficit and beat Washington 8-5, and Chicago defeated Detroit 3-1.

**TIE WITH KOUFAX**

Ford's victory put him in a tie with the Dodgers' Sandy Koufax and the Giants' Juan Marichal as the majors' top winner of the season. And he extended his own mark as the most consistent winner in the history of the game among pitchers who have won 100 or more. His lifetime mark of 191-74 for a percentage of .721 leads the all-time list. Spud Chandler is next at 109-43, .717.

John Blanchard, a converted catcher pressed into service in the Yanks' injury-riddled outfield, once again provided the big hitting. He drove in four runs on a homer and two singles and scored twice.

**11-HIT ATTACK**

Minnesota's Stigman was supported by an 11-hit attack that included two homers by Don Mincher and four-baggers by Rich Rollins and Johnny Goryl in the first game victory.

Jim Hall's ninth-inning homer broke a scoreless draw of 17 hits and nipped and Kaat put it out of reach with a three-run blast.

He struck out 11 and allowed only six hits.

BATTING—Ron Hansen, White Sox drove in all Chicago's runs with a home run and sacrifice fly in the White Sox 3-1 triumph over Detroit. It was the 12th time this season that the .217-hitting shortstop drove in the winning run.

PITCHING—Southpaw Dick Stigman and Jim Kaat, Twins, pitched back-to-back shutouts as Minnesota swept a two-night doubleheader from Cleveland 9-0 and 5-0.

**NEW MEASURES SEEM CERTAIN FOR U.S. TEAMS**

WARSAW (AP)—Never again will the United States track team go to Moscow for the annual dual meet with the Soviet Union with out stopping off for a warm-up meet first.

That seemed certain today, after the coaches and officials had finished their analysis of the recent American invasion of Moscow that turned out only slightly better than Napoleon's.

"I am making the very strong recommendation that we have at least one tune-up meet before the Russian meet in the future," coach Payton Jordan said here where the team is preparing for the meet with Poland Friday and Saturday.

**ARRIVE EARLY**

"I also think it is a good idea to get into Moscow only a day or two before the meet, and stay a few days afterwards for sight-seeing," Jordan said.

The team spent a week in Moscow this year before the meet, then almost lost it. The girls' team suffered one of the worst humiliations in American international sports history.

Actually, the team went to Moscow a week in advance to meet objections that they had been going there in the past without proper time to become accustomed to the food and water. It didn't work.

"They went too long without competition," Jordan said.

**BATON ROUGE, La. (AP)—**The Reveille, campus newspaper at Louisiana State University, has editorially called for the LSU football team to play integrated opponents.

The Tigers have not played integrated teams in regular season games in recent years, although the team played against Colorado—which had Negro players—in the 1962 Orange Bowl.

Lou Burnett, editor of the Reveille, wrote Wednesday that "to continue to have a good schedule, bring top name teams here and participate in post-season contests, LSU will have to make up its mind to participate against teams with Negro players."

## Let's Look At The Record

**DIPLOMATIC REVOLUTION**  
Moscow Story May Be Decade's Biggest  
Khrushchev Appears To Be At The Crossroads

By JIM DAN HILL, Ph.D.  
President, Wisconsin State  
College, Superior

**THE GROWING RIFT** between China and Russia is making tall headlines. And properly so. In foreign affairs it could easily be the biggest event in the Decade of the 'Sixties. It merits a close look.

The present linguistic and philosophical dandyism in Moscow actually began early this year. Mr. Mao invited Mr. Khrushchev to Peking in formal tones and significant terms that Mr. K. could not accept. It was not for him to learn about communism from Mao.

Thereupon Mr. K. invited Mr. Mao to Moscow with the clear implication that the clear pure waters of communism could be found only at its original fountain head. Mr. Mao could not see himself in the role of guest to a compromiser of the true Marxian faith. He declined.

But both still had faith in dialectics. They consequently agreed upon a small conference of delegates in Moscow in which representatives of the two diverging schools of Marxism would meet and arrange for a general meeting of a world Communist movement.

Theoretically, that is what they are doing in Moscow right now.

**THE RIFT**, however, continued to widen in the weeks before the seven Chinese delegates, now in Moscow, could be on their way.

The Peking press and radio launched a propaganda campaign against Russian communism in general and against Khrushchev in particular. He was branded as a compromiser with Western capitalism and a deviationist from the true Marxian faith. There is no dirtier word in the Lexicon of Red dialectics than "deviationist."

As time for the Moscow meeting neared, the campaign was stepped up. The Chinese propaganda machine, on June 14, hit Moscow right between the eyes with an "open letter" propounding 25 heavily loaded, so-called "questions." They added up to nearly 50,000 words.

The Moscow controlled press and radios in Europe gave this intercontinental charade the silent-dignity treatment. But in the Balkans where the cracks in the Red Bloc are beginning to show, the "letter" received more than passing notice, particularly in Albania and Rumania.

The next Peking play was to have secret agents throw copies of the "letter" from windows of Russian express trains. Because of this stab in the back by fellow Communists, the Russians screamed. The ghosts of Marx and Lenin were called upon to witness this treason to Russia and the Cause.

When Peking's seven delegates to arrange the general meeting of the World Communist Movement deplaned in Moscow, the airport reception was most perfunctory and the only cheers were from the retinue of the Chinese ambassador to Russia, who was present to greet his countrymen.

The Chinese delegation was hustled away to a luxury villa in the nearby Lenin hills. A pall of secrecy has since encompassed the entire situation. But the propaganda war is hotter. Much is being deduced by what each side emphasizes and what the other suppresses or ignores. Moreover, there are comings and goings and occasional references to the planning conference that have significance.

There have been conference talks while Chinese delegates awaited instructions from Peking or conferred with the Chinese ambassador.

**THE SITUATION** as of now is revealed by the most recent editorial from Peking, which proclaims "a heavy heart" because the "present situation is very serious." The Russians are belabored again for their refusal to respond to the "25 questions." Moreover, five Chinese agents expelled from Russia for distributing the letter of June 14 are back in China and are being hailed as Communist heroes.

The basic area of disagreement between Peking and Moscow is the question of co-existence. Khrushchev insists it is necessary in the face of nuclear dangers, Peking insists nuclear warfare is inevitable and a risk that must be run to further the cause of communism. Meanwhile, Khrushchev him-

self is pretty much boycotting the joint conference for planning a world Communist movement. This is a slight within itself. He is further compounding the insult by simultaneously negotiating with the West for closer co-existence and even talking in terms of a "Big Three" agreement on banning atomic tests that ignores China.

In short, Khrushchev is not only co-existing, he appears to be gravitating toward the West and away from China.

When a massive alliance dissolves and realignments take place, it is often referred to as a "diplomatic revolution." The question today might well be: "Are we on the threshold of such a revolution?" If so, it is the biggest story of our decade.

## DEATHS

**MOSCOW (AP)**—Alexander Gerasimov, 82, the late Premier Stalin's favorite artist, died Tuesday, Izvestia reported Wednesday.

**WASHINGTON (AP)**—Glen Eric Moorhouse, 55, a senior official of the Central Intelligence Agency, died Tuesday after an emergency operation. He worked in Paris with the Economic Co-operation Administration from 1947 to 1953 when he joined the CIA.

**FLORENCE, Italy (AP)**—Marino Parenti, 62, author, broadcaster and one of Italy's top critics on painting, music and literature, died Wednesday of a heart ailment.

**CHICAGO (AP)**—Holly Stover, 80, executive assistant to the president of the Chicago, Burlington & Quincy Railroad, died Tuesday. He was president of the Chicago & Eastern Illinois Railroad from 1944-1947.

## REFERENDUM ON BUS ISSUE IS PROPOSED

By JACK LYNCH  
**HARRISBURG (AP)**—Decisions by two Senate committees would require two popular votes of the people and would keep private and parochial school children off public school buses until 1965.

The Republican-controlled Education Committee Wednesday night jumbled provisions of Gov. Scranton's bill to provide state-paid transportation to non-public school pupils next year.

Inserted was a section calling for a referendum this November to determine whether the voters want to permit such aid.

**AGAINST SCRANTON POSITION**  
If the voters approve, the earliest that the decision could be implemented would be in the 1965 legislature. The 1964 session will be limited to financial bills.

At the same time, the Senate's Constitutional Changes Committee sent to the floor a bill providing for a referendum in 1965 to specifically write into the state's basic law authority for school bus aid to nonpublic private schools.

The moves were against the views stated by the governor at his news conference a few hours earlier. He said a court test rather than a referendum would provide a speedy decision on the constitutionality of the proposal.

House Democrats sided with Scranton and went ahead with the plans for a floor fight to provide school buses for nonpublic schools immediately.

**PRIME MOVER**  
Since Republicans control both houses it seemed likely that the Senate GOP position would prevail in a showdown.

Sen. Albert R. Pechan, assistant GOP floor leader was the prime mover in the Senate plan. At his news conference, the governor reiterated his support for free bus transportation to nonpublic schools.

He said he accepts the opinion of Atty. Gen. Walter E. Alessandrini that such service would be constitutional. He added that a court test might be helpful and that it "would help a great deal to hold down the emotional fervor which surrounds this issue."

He indicated he did not favor the referendum proposal.

## COLLEGE AID BILL DELAYED BY DEMOCRATS

**HARRISBURG (AP)**—House Democrats were on record today "positively" opposed to providing the needed votes for \$57 million in state aid to private colleges and universities until the legislative reapportionment issue is settled.

Minority Leader Anthony J. Petrosky said publicly for the first time that Democrats plan to use their votes in this vital area as a means of obtaining a redistricting plan satisfactory to them.

"It is the unanimous opinion of my caucus that we want reapportionment and all the other legislation that hasn't been passed to satisfy Republican desires to adjourn July 31," said the Westmoreland County Democrat.

**REAPPORTION IN FALL**

Republicans plan to reapportion the legislature at a special session in the fall. Since the GOP controls both houses any plan could be expected to be resolved in its favor.

Democrats have already forced defeat of the appropriations to private institutions once. Because the appropriations are nonpreferred they require 140 house votes. Republicans have only 108 members, thus requiring Democratic help.

The Democratic position could sidetrack the final adjournment deadline, but the Republican majority pressed ahead with plans to revive the measures and dared the Democrats to knock them down again.

Meanwhile, the GOP leadership in both Houses pressed ahead with plans to quit at the end of the month.

Senate committee last night sent 87 bills to the floor for consideration.

The swift pace was hit by Petrosky, who declared:

"There ought to be an orderly process instead of ramming these measures through without fully analyzing them."

**COMMITTEE MEETINGS**

Committees of both Houses called frequent meetings off the floor to report on important bills in time to make the final adjournment deadline. New bills not reported out Wednesday were considered dead by legislative leaders.

The senate moved to kill a bill to repeal the use of radar in the clocking of highway speeders. A motion to send the measure back to committee was made and seconded, and the actual vote was delayed until a full roll call today.

A move to further weaken the Scranton administration's compulsory school reorganization bill by providing for local option was quietly underway in the House.

The revision was being pushed by Philip C. Pendleton of the Citizens for Preservation of Local Control of the schools but reportedly was worked up by Rep. Henry P. Otto, R-Allegheny.

The Scranton measure was revised heavily by the Senate Education Committee prior to its passage by the Senate.

It has been pending in the house since July 11 awaiting the fate of a bill that would repeal the controversial 1961 compulsory reorganization law that served as the model for the Scranton program, designed as a substitute for that law.

Amidst predictions that the senate would pigeonhole the repeal bill, anti-reorganization forces went to work on the remnants of the administration bill.

A local option provision would mean any reorganization plans ultimately would be subject to decision of the voters.

House Majority Leader Albert W. Johnson indicated it would be at least Friday and possibly next week before the House tackles the compulsory reorganization issue.

Other highlights: Fishing and hunting licenses—The House passed and sent to the Senate a bill to raise \$1 million more yearly for the state fish commission by hiking resident licenses \$1 to \$4 and adding a \$2 trout stamp.

Cancer quacks—The House unanimously passed an administration bill that would prohibit the treatment of cancer by anyone other than licensed physicians and dentists. It was given immediate action by a Senate committee.

Pensions—A bill to raise legislative pensions 33 per cent was passed by the House and reported to the Senate floor without delay. The measure also would increase judicial pensions.

## Car Output Hits Alltime Record

**DETROIT (AP)**—U.S. auto makers, who have been setting production and sales records with regularity, reported today their output of 1963 model cars has reached an alltime high.

Vehicle No. 7,130,001 rolled off

the assembly line either late Wednesday or on an early shift today, breaking the alltime model high of 7,130,000 set with the 1955 cars.

Observers agreed the industry would turn out an additional 210,000 cars before all assembly line operations are halted by mid-August for the changeover to 1964 models that would set the final 1963 model

run at 7,340,000. It was impossible to tell just which of the auto assembly plants across the country turned out the history-making vehicle.

**DIES AT 107**

**TITUSVILLE, Pa. (AP)**—Funeral services will be held in Pittsburgh Saturday for John H. Quick,

who died Wednesday at the age of 107.

Quick was believed to be the oldest retired employee of Westinghouse Electric Corp. He lived in Pittsburgh but had been spending the summer at his daughter's home in Titusville.

## SHIP TYCOON BUYS OIL FOR \$100 MILLION

NEW YORK (AP) — Shipping tycoon Daniel K. Ludwig has purchased 1.34 million shares of Union Oil Co. of California common stock, paying \$100,539,000 as a personal investment.

The stock was bought from the Phillips Petroleum Co., said William L. Stewart Jr., chairman of Union Oil.

The transaction was revealed in a routine quarterly earnings statement issued Wednesday by Phillips. Phillips acknowledged the sale, but both Phillips and Union Oil declined to name the purchaser.

Ludwig, 66, reputed to have a personal fortune of about \$350 million, owns one of the world's largest tanker fleets and is chief stockholder of American-Hawaiian Steamship Co.

He has offices in Manhattan and lives in Darien, Conn., but was reported to be out of the country and couldn't be reached for comment.

William W. Wagner, president of the steamship company, confirmed Ludwig's purchase of 15 per cent of Union's common stock. He said it was strictly a "personal investment" by Ludwig.

## JOINT CHIEFS IN DARK ON TEST TALKS

By ELTON C. FAY

WASHINGTON (AP) — Members of the Joint Chiefs of Staff appear to have been left in the dark about details of the administration's proposal for a limited ban on nuclear testing until almost the final day of diplomatic discussions in Moscow.

Because of this, up to Tuesday morning, the military chiefs had taken no position on the pact, which is awaiting initialing by the United States, the Soviet Union and Britain. What their view is at the moment is not known.

The majority of the strategy-making group reportedly was opposed to the proposal of a year ago for a so-called comprehensive test ban. That would have covered all forms of testing, including underground blasts.

### MAY LACK ENTHUSIASM

The position of most of the chiefs then was that a comprehensive ban would have been unenforceable. The proposal at this year's Moscow session was to exclude underground shots, but impose a ban on all tests in the atmosphere, in space or under water.

There were some indications today that for reasons of broad national policies the chiefs might withhold objections to the new plan, even if they lacked complete enthusiasm for it on military grounds.

Sen. Richard Russell, D-Ga., chairman of the Senate Armed Services Committee, told newsmen Wednesday that Secretary of State Dean Rusk informed his committee that he was not qualified to answer technical questions about the draft of the proposed pact. Therefore, said Russell, it is necessary to have more complete hearings and "we will have the Joint Chiefs of Staff testifying in this committee."

### CAUSE FOR CAUTION

Sen. Henry M. Jackson, D-Wash., said an escape clause contained in the draft would make the committee cautious. This clause would permit any one of the three nations to renounce the pact if it believed tests conducted by nations outside of the pact endangered its security.

This is a point apparently worrying the military chiefs, too. On the other hand, all or at least a majority of the chiefs may have accepted the idea that the omission of a ban on underground testing makes a limited pact militarily acceptable.

## HOFFA BACKING COHEN IN FUSS

PHILADELPHIA (AP) — Teamster President James R. Hoffa backs secretary-treasurer Raymond Cohen of Local 107, in rejecting a call for Cohen's dismissal, made last Sunday at a meeting attended by some 1,500 of the local's 11,000 members.

Hoffa, in a telephone interview with the Philadelphia Bulletin on Wednesday, said the entire membership should decide the fate of Cohen, who with five others has been convicted of conspiring to defraud the local.

On July 14, Cohen was sentenced to one to two years in jail and was fined \$500. He has appealed.

Hoffa said that at the next regular meeting of the local, Cohen will call a special meeting and put the ouster move to a vote.

"I'm sure that the issues that were brought on the floor Sunday are something that must be considered by the total membership," Hoffa said.

Despite the resolution passed on Sunday, asking Cohen to resign,

## School Teacher Is GOP Phila. Choice

PHILADELPHIA (AP) — William J. Devlin, 42, a high school teacher, is the unanimous choice of Philadelphia's 60 Republican ward leaders to head the city's Republican committee.

Devlin was elected chairman on Wednesday, succeeding Wilbur Hamilton, 54, who served as chairman since 1957.

Devlin's first public move after his election was to criticize Mayor James H. J. Tate, a Democrat, who became mayor upon the resignation of Richardson Dilworth, last year and who now seeks a full term of office in the forthcoming election.

## M'LISH, IRS IN COURT ROW

WASHINGTON (AP) — Pitcher Cal McLish of the Philadelphia Phillies goes along with the adage that "Home is where the heart is."

But the Internal Revenue Service, trying to disallow McLish's tax deductions for expenses on the road, says home is where the team headquarters is, at least for tax purposes.

The Edmond, Okla., player and his wife, Ruth, in a suit filed with the U. S. Tax Court, say Cal spends no more than 11 weeks per year at the team's "home". Since 1956, they point out, McLish has played with the Pacific Coast League, the Cleveland Indians, the Cincinnati Reds, the Chicago White Sox and the Phillies.

McLish says the IRS view would force him to turn his wife and five children into "camp followers and tramps of the road."

The IRS insists that McLish owes \$2,620 for the 1959-61 period, most of which represents the cost of meals, lodging and other expenses while McLish was away from his Oklahoma home.

Hoffa said Cohen has "not lost any face with the members."

House Democrats are on record opposed to providing the needed votes for \$57 million in state aid to private colleges and universities until the legislative reapportionment issue is settled. Minority Leader Anthony J. Petrosky said his party plans to use its votes as a means of obtaining what it considers a satisfactory redistricting plan.

Gov. Scranton asked House Republicans Wednesday to recall his unemployment compensation bill, and the GOP majority almost immediately agreed. The governor told his weekly news conference he would rather have the bill acted upon at a special legislative session.

Gov. Scranton's civil service reform bill passed the House Wednesday night and received a pledge of quick consideration in the Senate. The measure won unanimous support from House Republicans and also picked up five Democratic votes to pass 111-66.

Gov. Scranton's bill to provide public transportation for private and parochial school children has been junked by the Senate Education Committee. In its place, proposals were offered requiring a popular vote of the people to resolve the issue.

ALGIERS (AP) — Cuban economic chief Ernesto (Che) Guevara left by plane for Cuba Wednesday after a 20-day visit to Algeria.

Guevara was accompanied by a delegation headed by Col. Houari Boumediene, Algerian deputy premier and defense minister.

The delegation will attend celebrations in Havana marking the anniversary of Prime Minister Fidel Castro's revolutionary movement.

NEW YORK (AP) — A Washington state girl and a Utah boy were named Miss and Mr. Teen-age Physical Fitness Wednesday in a contest sponsored by the Dance Educators of America.

They are Claire Corbett, 17, of Seattle, and James D. Stokes, 14, of Sunset.

HOLLYWOOD (AP) — Actress Anne Baxter and her husband, Australian rancher Randolph Galt, are buying a New Mexico ranch, their spokesman in Hollywood said.

The couple has been living most of the time on Galt's 37,000-acre ranch north of Sydney.

Said the spokesman: "Anne has taken time out to have a family and now she wants to reactivate her career. But it's too expensive to commute between Australia and Hollywood."

## Embassy Seizure Is Unprecedented

WASHINGTON (AP) — State Department officials say Cuba's seizure of the American Embassy building in Havana is apparently

unprecedented in the history of international relations.

Press Officer Richard I. Philips said Wednesday that even though Cuba and the United States have severed diplomatic relations, the embassy remains "our territory"

under international law.

The United States valued the embassy office building at \$1.2 million and the ambassador's residence at \$400,000.

The Cuban government said it was taking the action in retaliation for the freezing of Cuban assets in the United States.

The State Department has asked the Swiss, who represent U.S. interests in Cuba, to get a full report.

## Scranton Recalls His Jobless Pay Bill For Special Session

By VINCENT P. CAROCCI  
HARRISBURG (AP) — Gov. Scranton asked House Republicans Wednesday to recall his unemployment compensation bill, and the GOP majority almost immediately acceded to his wishes.

Scranton publicly announced the surprise legislative maneuver when he told his weekly news conference that he had asked the General Assembly to consider the bill at a special session.

He explained the time factor was prominent in his decision. The Republican leadership is pressing for a July 31 adjournment.

### NOT ENOUGH TIME

"There doesn't seem to be enough time in the pressure of the final days of the legislature to consider the bill," Scranton said.

"I have asked the House to recommit the bill and prepare a resolution asking the Joint State Government Commission to make a study and perhaps hold public hearings.

"It (the bill) should have the opportunity of a thorough going study by the legislature."

Hours later, the GOP majority pushed a resolution to that effect through the House by a voice vote. Scranton's bill is a multi-pronged proposal.

### NEAR FINAL VOTE

Basically, it would raise maximum weekly benefits from \$40 to \$45; both increase and decrease taxes paid by employers; and to close so-called loopholes such as the "double dip" where recipients get two rounds of 30-week benefits without intervening employment.

The administration bill was in a position for a final vote at the time Scranton made his request.

He denied that he did so because there were not enough votes among the 107 Republicans to pass the measure.

A total of 106 votes is needed for passage.

### DEMOCRATS OPPOSED

A 100 member Democratic delegation reportedly is aligned against the plan, which has aroused the opposition of organized labor and some business interests.

Scranton's explanation was: "We feel it best not to carry on now with the temper of the legislature in the final days."

The legislature is scheduled to be called back into special session later this year—probably in November—for reapportionment work.

### BACKS BUS BILL

Scranton said, however, that no determination has been made as yet on whether to consider both unemployment compensation and

reapportionment at the same special session.

The governor could call consecutive sessions to consider each issue independently.

Turning to other topics, Scranton once again supported legislative proposals to provide non-public school children with free bus transportation.

He said he accepted Atty. Gen. Walter E. Alessandrini's informal opinion that such service was constitutional, but added that the question should be brought to a court test.

### OTHER SUBJECTS

On other matters: Commissions—Scranton said he has not reached decisions on successors to the resigned chairmen of the state Harness Racing and Athletic Commissions.

Sunday liquor and blue laws—The governor said he would favor local option on the question of Sunday liquor sales in hotel restaurants outside of Philadelphia and Allegheny County, where they are already permitted, but added he has no plan to press the issue now.

Blue laws—The governor also said he is "in sympathy" with proposals to permit Sunday sales by retailers who observe a day other than Sunday as the Sabbath and actually close that day.

### Homers Help In Philly Victory

HOUSTON (AP)—Home runs by Tony Gonzalez and Don Hoak and effective relief pitching by Jack Baldschun boosted the Philadelphia Phillies to a 6-3 victory over the Houston Colt 45s Wednesday night.

Gonzalez' and Hoak's homers were solo affairs.

Baldschun came on in the sixth inning to get the final out. He yielded just two hits the rest of the way to protect Cal McLish's 10th victory against five defeats.

Careless base running hurt the Texans, as two of their were thrown out on the base paths.

The same clubs meet in the series finale tonight.

HARRISBURG (AP)—Legislation to create a mass transit authority for the five-county Philadelphia area was on second reading today in the Senate.

The proposal passed first reading Wednesday night after reaching the floor from the Senate Corporations Committee.

It has the backing of commissioners from Montgomery, Delaware, Chester, Bucks and Philadelphia counties.

## CALL GIRL IS HISSED AFTER COURT SESSION

By HAL R. COOPER

LONDON (AP) — Spectators threw two eggs at Christine Keeler and booed her angrily today when she left the old Bailey court after giving further testimony in the Stephen Ward vice trial.

One egg hit a news photographer on the head. The second splashed on the sleeve of a policeman.

Miss Keeler hurriedly entered a taxicab and drove away.

A crowd of several hundred milled around outside the court building when Christine—the 21-year-old play-for-pay girl who caused John D. Profumo to resign last month as Britain's minister of war—tripped down the steps at the luncheon adjournment.

### SHOUT INSULTS

Women hissed and there were shouted insults.

The photographer who accidentally became an egghead was Bob Dear of The Associated Press.

Christine had been recalled by defense counsel James Burge for questioning about her use of marijuana, a narcotic smoked in cigarettes. She had touched on that in her first appearance in the witness box Monday.

Today she testified that Ward had introduced her to marijuana in 1961 when she was living at one of his flats.

The defense said one witness for the 50-year-old society osteopath and artist would be Vasco Lazzolo, one of Britain's best known sculptors and painters.

### NAMES CLIENT

Vickie Barrett, 22, a prostitute, testified Wednesday that a man named Lazzolo was among her clients. She said he paid her 4 pounds (\$11.20).

Vickie testified she used Ward's apartment as a workshop on some 30 occasions, sometimes beating her customers with canes or horsewhips to give them sexual gratification.

Her normal fee, she said, was 5 pounds (\$14) with whipping extra at 1 pound (\$2.80) a stroke. She said Ward collected the money but never gave her a penny.

Ward has pleaded innocent to three counts of living off the proceeds of prostitution and two of procuring. Conviction could bring up to 25 years in prison.

Ward's lawyers had private detectives out looking for a dancer-model named Sylvia Parker—also known as Sharon Lee.

The lawyers said she might be abroad, possibly in Rome, London newspapers reported she might be in Las Vegas or New York.

## A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

### RANDOM GENEALOGICAL NOTES

Note: (To the first item on the McCullough family from the old newspaper files)

The burial place of Mrs. Mary McCullough, the wife of Mr. Joseph McCullough, who died January 1, 1825, in the 23rd year of her age, is unknown. Very possibly she is interred in Lower Marsh Creek Churchyard and her grave is, at the present time, unmarked.

From the marriage records of the Rev. Dr. William Paxton: — "Married, October 25, 1821, Joseph McCullough, of Hamilton Bann Township, this County, to Miss Mary White, of Franklin Township, this County."

2. Friday, December 12, 1829 — "Died, Thursday, December 12, after a short illness, Captain Samuel McCullough, of Hamilton Bann Township, this County — an old soldier of the Revolution."

### UNMARKED GRAVE

Note: — Captain Samuel McCullough, Patriot of the War of the American Revolution, is probably buried in the old Lower Marsh Creek Presbyterian graveyard, in a grave that is now unmarked. He was a son of Samuel and Margaret McCullough and his father's grave is the oldest in the McCullough family burial plot. He (Samuel, Jr.) is mentioned in his father's will. The soldier died unmarried and his entire estate was left to his only living sister, Mary (McCullough) McAlister.

3. Wednesday, March 31, 1830 — "Died, Friday morning, March 26, 1830, Mrs. Martha McCullough, the relic of Mr. Samuel McCullough, of Hamilton Bann Township, this County, in the 64th year of her age."

Note: — Another unknown or unmarked McCullough grave — but — like others — probably in the Lower Marsh Creek churchyard.

4. Tuesday, March 15, 1831 — "Died, Saturday, March 12, 1831, Mr. Joseph McCullough, of Cumberland Township, this County."

Note: — Undoubtedly the husband of the Mary (White) McCullough, who died in 1825. They are probably buried side by side in Lower Marsh Creek in unmarked graves.

5. Tuesday, May 6, 1834 — "Married, April 17, 1834, by the Rev. Robert S. Grier, of Tom's Creek Presbyterian Church, Mr. George W. Horner to Miss Maria McCullough, both of Adams County, Pennsylvania."

Note: — Very little is known, at this time, pertaining to this branch of the McCullough — Horner family. However, many Horner graves are to be found in the old Tom's Creek Presbyterian churchyard, near Emmitsburg, Maryland.

6. Tuesday, February 28, 1837 — "Married, November 16, 1837, by the Rev. Dr. William Paxton, Mr. James McCullough, to Miss Jane Cobean, the daughter of Mr. Samuel Cobean, deceased, both of Cumberland Township, this County."

IN FAMILY PLOT

Note: — A son, Samuel Calvin McCullough, a son of James and Jane McCullough, is buried in the McCullough family burial plot in Lower Marsh Creek Cemetery. Undoubtedly the parents are interred there also.

Tuesday, September 18, 1838 — "Died, September 1, 1838, son of Mr. James McCullough, of Cumberland Township, this County, aged 9 months and 6 days."

In the records of the Rev. Alexander Dobbin, of the Associate Reformed Church (Presbyterian) the following members of the McCullough family are mentioned: —

1. "Married, April 25, 1774, at Cannigagig, Ephraim Wallace to Janet McCullough."

2. "Married, March 25, 1776, at Cannigagig, Joshua Marlin to Agnes McCullough."

3. "Married, June 7, 1777, at Cannigagig, Hugh Barkley to Sarah McCullough."

This concludes, for the present, the notes on the McCullough family of Lower Marsh Creek.

Continuing along the first row of burial plots in Lower Marsh Creek Churchyard — that of the old Scotch - Presbyterian Knox clan is next in line. The oldest marked grave to be found here

To Fingerprint Reading Mayor

PHILADELPHIA (AP)—Mayor John C. Kubaicki of Reading was under a court order today to let himself be fingerprinted by next Tuesday or tell the U. S. District Court why he didn't.

Judge John W. Lord Jr., issued the order Wednesday at the request of U. S. Marshal Edward J. Conway.

Assistant U. S. Attorney J. Shane Creamer told Lord he had contacted Kubaicki's lawyer at least three times and had been told each time that the lawyer would try to get Kubaicki to come in for fingerprinting.

Kubaicki, indicted July 3 by a federal grand jury on charges of conspiring to extort at least \$10,500 from parking meter manufacturers, is free on \$2,500 bail.

## BANKER TRIES TO STIMULATE TRADE MARKET

HARRISBURG (AP) — Jan J. Wieckowski, a 40-year-old Philadelphia banker, leaves for Europe in September as Gov. Scranton's special emissary to stimulate Pennsylvania's activity in foreign trade markets.

Wieckowski, vice president of the International Division of the Girard Trust Corn Exchange Bank, was given his assignment here Wednesday.

A native of Poland, Wieckowski will visit England, Belgium, Holland, Germany, Switzerland, Italy, France and Ireland during the six weeks he is in Europe.

INCREASED ACTIVITY

Scranton called for increased state activity in foreign trade in his economic message to the legislature earlier this year. Steps are being taken to establish a bureau of foreign trade within the Commerce Department.

In his role as the state's unofficial foreign ambassador, Wieckowski said his first intent would be to "develop general interest among large manufacturers in Europe to steer those people to Pennsylvania."

"Later on, we probably will get into the area of which European manufacturers would be interested in buying what we have in Pennsylvania," he added.

### AGREE ON CONTRACT

PITTSBURGH (AP)—The United Steelworkers union has reached agreement on a new contract with Allegheny Ludlum Steel Corp.

A company spokesman said the agreement, announced Wednesday, is patterned after the contract the USW signed with 11 major basic steel firms last month.

## "Candida" Opens Four-Night Run

Emile O. Schmidt's cast of six did credit to George Bernard Shaw's "Candida" which opened at the Gettysburg Summer Theater Wednesday evening and will run the remainder of the week.

The action of the play takes place at the turn of the last century in the drawing room of the Rev. and Mrs. James Mavor Morell in the suburbs of London.

The black moustache worn by Norman Rice gave him the dignity he needed to play the part of the clergyman, impervious to "Prossy's complaint," the respectful adoration given him by his secretary, Miss Prosperine Garnett, and the other women of his acquaintance.

Janet Anderson proved her acting ability by being an excellent plain-Jane secretary who amuses the audience later with her reaction to her first bout with champagne. The title role was played very sympathetically by Patricia Martell who with her authentic costumes seemed to be a veritable reincarnation from the previous century. She was a buffer between her husband and the romantic poet, Eugene Marchbanks, and gave them both the reassurance they needed. Richard K. Olsen played the 18-year-old Marchbanks. James Pickering, assistant professor of English at Gettysburg College, made his debut as the merchant father of Candida and Charles Please completed the cast as a young minister.

Next week the play will be "The Zoo Story" by Edward Albee, a new playwright. . . . ETB

CITIZENS IN FAVOR

Speaking at his weekly news conference Wednesday, Scranton said he had been informed by Lt. Gen. Milton G. Baker, superintendent of the Valley Forge Military Academy, that citizens in the area were for widening the expressway.

"Gen. Baker reported the overwhelming consensus favored widening the expressway," the governor said. "I told Secretary Harrah I feel this should be the route and that whatever studies are undertaken the Department of Highways should bear this in mind."

Ever sweeten tomato juice with a suspicion of molasses? Youngsters often like it this way.

## FAVOR EXTRA EXPRESSWAY MOTOR LANES

HARRISBURG (AP) — Gov. Scranton says he favors widening the Schuylkill Expressway as a means of handling traffic between the proposed Midcounty Expressway and the Pennsylvania Turnpike.

Highways Secretary Henry D. Harrah had proposed a connecting spur between the Midcounty Blue Route and the toll road, but the idea met with opposition from home owners in the area.

Harrah later came up with the suggestion to add four extra traffic lanes to the Schuylkill Expressway between the Midcounty junction at Conshohocken and the Valley Forge Turnpike interchange at King of Prussia.

## HOUSE OKAYS FISHING FEE RATE HIKES

HARRISBURG (AP)—Increases in fishing licenses ranging from 75 cents to \$2 and creation of two new trout fishing license categories won House approval Wednesday.

The proposal was sent to the Senate for further action.

It was designed to raise an extra \$1 million annually for the State Fish Commission.

### RATE INCREASES

The measure would raise the present \$3.25 resident fishing license to \$4, nonresident licenses from \$7.50 to \$9.50, tourist (five-day) licenses from \$3.25 to \$5.

Nonresident trout stamps would remain at \$5.

The legislation would create resident trout and tourists trout categories, costing \$2 and \$3, respectively. As with the existing nonresident trout stamps, the fishermen would have to have a regular license in addition to the trout stamp.

### SPECIAL LICENSE

At the same time, provision for a special \$1 license for persons 65 years of age or older was inserted into the bill. Those persons would not be required to buy a trout stamp, nor would disabled veterans.

The bill also would raise the fee collected by agents for issuing licenses from the present 15 cents to 20 cents, but there would be no agent's fee on trout stamps.

The new license fees and provisions would become effective next March 1, start of the 1964 licensing period. Originally, the \$2 across the board increase was to start immediately.

### HUNTING FEES

Vote on the revised plan was 115-82.

Meanwhile, a final vote is expected in the Senate Friday on a proposed \$2.50 boost in resident hunting license fees for the state.

The House-approved measure was sent to the Senate floor Wednesday night after the Senate Rules Committee knocked out a provision to give free licenses to persons over 65.

Under the proposal, resident fees would increase from \$3.15 to \$5.20 for hunters over 17, with the odd cents going as a commission to issuing agents.

The boost is expected to reap about \$1.5 million in additional funds to the state each year. Earlier this week, the Senate also approved a \$5.35 increase in nonresident license fees, bringing the total cost to \$25.35.

ISLIP, N.Y. (AP) — Parnelli Jones, winner of the Indianapolis 500 this year, spun into the guard rail during a midget auto race Thursday night but escaped without injury.

The accident occurred on the 29th lap of a U.S. Auto Club 50-lap race.

Two home pros who did well under windy conditions in this year's U.S. Open were Mike Fitchick of Glen Head, N. Y., and Davis Love Jr. of Charlotte, N. C. Both tallied 302 and will be exempt from local qualifying rounds for next year's Open.

NEW YORK (AP)—Joe Foss propped his feet on the desk, puffed on a long black cigar and talked about the American Football League. He was careful not to flick any ashes on the bright green wall-to-wall carpeting in his new office on Fifth Avenue.

As the crowd files it is less than a block down the street to the office of Pete Rozelle, the rival pro football commissioner, in Radio City. The crowd traffic, however, is very thin in these parts.

Except for a \$10-million suit that still is being appealed, Foss and the AFL seem to be closer to the older National Football League than in the early days of their "war." The AFL is heading into its fourth year with confidence and determination in the belief that the worst is past.

### LEAGUE OF AGE NOW

"Our league came of age last year," said Foss, the war hero and former governor of South Dakota. "We went through our crisis. The real acid test to see how serious you are is when one club runs out of money and everybody has to advance cash to keep the operation going."

Foss spoke enthusiastically about the way the AFL had developed its own players. He said about 75 per cent of the players in the league had played professionally only in the AFL.

"Last year the championship team, the Dallas Texans, now the Kansas City Chiefs, had 23 out of 29 developed in our league," said Foss. "The bottom clubs bring down the average because they have to grab the NFL cuts but we're gaining every year."

### ATTENDANCE RISING

"We have made a steady climb in attendance every year. Our television sponsors all have renewed. Each club should get about \$240,000 from TV this year."

Foss said the other clubs in the league put up \$262,000 to keep the New York Titans going and would get back some from the sale of the club to the new group which has changed its name to the Jets.

The cigar was only a stub and the morning was almost gone when Foss got around to talking about the NFL. He expects to see the day when one commissioner will govern both leagues, like baseball, with separate league presidents.

### TRUE WORLD CHAMPS

"Our relationship has been real good as far as recognizing each other's contracts," said Foss. "We recognize their suspensions, too."

"It won't be long before we will be playing one another. The franchise owners are practical people

## Littlestown TOWN COUNCIL ASKS VOICE IN RT. 140 CHANGE

The Littlestown borough council at its July meeting which started Tuesday evening and ran into Wednesday morning asked for a voice in decisions on reported attempts to relocate Route 140, selected a new sewage treatment plant operator and made plans for a meeting with Littlestown plumbers to discuss the proposed new plumbing code.

At the same session the borough fathers heard letters of congratulation for the borough secretary, Roger J. Keefe, who last month received the Christa award from the state Association of Boroughs at Philadelphia. The letters came from Governor Scranton, Secretary of Internal Affairs Genevieve Blatt and State Senator Dr. Elmer Hawbaker.

Council heard that the Taneytown Chamber of Commerce and "possibly others" plan to attempt to change U.S. 140 which now runs through Littlestown to go through Taneytown and Emmitsburg and Westminster to connect with Route 30. The same reports said Maryland Route 97 would be "taking the place of Route 140." Council voted unanimously to make inquiry at Harrisburg about the procedures for such a change so that council could sit in on any future discussions involving Route 140.

### ELECT OPERATOR

Wallace R. Gulickson, 55 N. Taneytown and Emmitsburg and as the new sewage treatment plant operator on recommendation of the Sewer and Water Committee. His salary was fixed at \$3,630.

William D. Rebert, Brodbeck's, was granted a plumber's permit and Councilman Stewart N. Long presented to council the latest revised draft of the proposed plumbers' ordinance. After a discussion, council decided to have Solicitor Edward B. Bullett endeavor to obtain the necessary forms for its final passage. Copies are to be sent to local plumbers and a meeting to discuss the measure with the plumbers will be held Tuesday evening, August 20, at 8 o'clock.

President Lewis H. Fox presided at the meeting and the first action was a decision to grant a building permit for the erection of a special type of awning at the Williams Hotel, 36 S. Queen St. William F. Pfaff, a co-owner, came before council with the request. Council voted \$25 toward the expenses of Secretary Keefe in attending the recent convention of the state Association of Boroughs in Philadelphia.

### STREET MATTERS UP

Street matters brought before in both leagues. No dreamers. I feel that if we played them right now I wouldn't have to make any apologies.

"A championship game between the two leagues would be the most natural attraction. The winner would be the true world champion."

"It could be by the end of the 1964 season," said Foss.

council included the discussion of the nine-hour day, five-day week for borough employees and the street committee was directed to discuss the work schedule with the employees. Grading problems on Locust and Lumber Sts. also were discussed.

Painting of a "No Parking" area along Charles St. near the foundry was authorized. Some consideration was given to placing parking meter maintenance in the hands of police but the matter was referred to the safety committee for further consideration.

Water permits were issued to Robert F. Harner, 416 Prince St.; Arthur J. Courtemanche, 235 W. Myrtle St.; Ralph J. Miller, for a dwelling on 112 Newark St.; and to Eugene B. Collins, 30 Newark St.

### WATER SUPPLY SURVEY

Council went on record directing the firm of consulting engineers, Albright and Friel, Inc., of Philadelphia, to meet with council and the borough authority to discuss possibilities for a survey for the improvement of the town's water supply.

Requests for water main extensions from Ocker Ave. on Glenwyn Dr. or from Newark St. to Ocker Ave. were discussed in connection with requests from I. H. Crouse and Sons, Inc.

An ordinance prohibiting minors from consuming malt or other alcoholic beverages on licensed premises, asked in a petition to council last month, was the subject of a lengthy letter from the borough solicitor in which he cited state laws on the subject and expressed the opinion that a borough ordinance on the subject might not be valid. Council dropped the matter.

### BUILDING PERMITS

Building permits were issued to Miller's grocery at 151 Lumber St.; Hazel Crabbs, 125 Cemetery St.; Samuel A. Harnish, 21 Charles St., for one-story addition; John L. Waltz, 108 Newark St.; two permits to Vernon C. Reaver for work on Lumber St. and S. Queen St.; Otto C. Selis, for work on frame dwelling on Prince St.; James C. Myers, 49 Crouse Park; Roscoe W. Rittase, 523 Prince St., and Orville C. Sentz for repairs at 320 E. King St.

Council accepted the proposal of I. H. Crouse and Sons, for installation of metal doors at the disposal plant laboratory.

Bills totaling \$4,266 were ordered paid from the borough account, \$1,136 from the water fund account and \$1,550 from the sewer fund account.

### 5400 FROM METERS

The report of Borough Treasurer John H. Flickinger showed general fund receipts of \$16,669 including \$1,784 from the state from tax on foreign fire insurance companies, and \$16,500 in sewer and water rentals.

The monthly report of Police Chief Edward T. Kowalczyk showed 21 overtime parking violations and 12 motor code violations including some traffic accidents. He listed meter collections at \$480 and police car mileage at 1,765.

A communication from the Mutual Life Insurance Company of New York notified the borough its premium on group insurance for accident and sickness will be increased 10 per cent.

The meeting adjourned at 12:12 o'clock Wednesday morning to meet again August 27.

## Nixon Declares

(Continued From Page 1)

the Nixons from California, and an AP correspondent.

### "PRAY FOR US"

On a street corner a woman in her 70s kissed Nixon's hand, said "pray for us" and vanished into the night.

Just then a green car screeched to a stop nearby. In it were two East German security agents.

"They've finally gotten the word we've hit town," Nixon said, starting toward the car. "I think the least we can do is tell them good night."

An American escort advised against it, and the Nixon party returned to West Berlin by taxi.

In the night club, Nixon played the Missouri Waltz on the piano and told the customers, "This is to a former political opponent." The crowd laughed, apparently understanding the reference to former President Harry S. Truman.

One after another, the patrons went to Nixon's table to shake his hand and ask for his autograph.

"Don't you ever forget that we're not all Red here," said one.

"We worry at times that we've been forgotten," said another.

### TAKE AN INTEREST

"Don't worry, we'll never forget you," Nixon told him.

Reflecting, he said, "I know it's not me, but just the mere fact that an American takes an interest in their lives."

"These people are with us," Nixon commented after his unscheduled visit.

"There is less freedom of speech and less opportunity to speak out in East Berlin than in any city in the world," he said after his 3 1/2-hour scheduled visit earlier in the day.

During the trip he shook hands with mostly silent German onlookers while Communist security agents and newsmen tried to embroil him in arguments about racial strife in the United States.

He told them at one point:

"Come on, boys. Let's get this thing on a higher level. I've argued with some of the best of

them and you're just not making it."

Some people responded to Nixon and one middle-aged man shouted in English: "God bless us all."

Others scurried away when Nixon tried to talk to them.

"They are evidently afraid," Nixon said. "They are even afraid to say, 'It's a warm day.'"

## HIGH-SPEED RR PLAN IS AIRED

NEWARK, N. J. (AP) — Plans for a high-speed railroad connecting eight states between Boston and Washington were outlined here Wednesday by Richardson Dilworth, former mayor of Philadelphia and now chairman of the Washington-Boston Corridor Transportation Study Committee.

Dilworth told officials of Newark and Trenton that the committee is considering, among other projects, a system of trains cruising at speeds from 100 to 125 miles per hour.

The line could serve small and large cities in Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, Delaware and Maryland, he said.

Dilworth said railroads have indicated that two of the present four main-line tracks between Washington and New Haven would be available for the system, which would, he added, require some federal aid.

## Eastern League

By THE ASSOCIATED PRESS

Fred Norman gave up just one hit—a seventh inning single by Larry Haney—and struck out 2 Wednesday night as the last place Binghamton Triplets defeated Elmira 4-0 in the Class AA Eastern League.

The performance by Norman, who struck out 18 earlier this season, was one of two fine winning pitching performances Wednesday night.

The Springfield Giants regained second place in the league defeating York 6-3 on Frank Linzy's two hits. One of those hits was a homer by Dick Edwards. The Giants, on the other hand, smashed out 12 hits, including a home run by Ron Phifer, a triple and three doubles. Phifer got one of the doubles.

Reading's Frank Kasheta gave up only three hits in the first game of a double header, but two of them were triples and the league leading Charleston Indians defeated the Red Sox 2-0 in a seven inning affair. Pete Olsen was the winner.

In the second game, Reading got two home runs by Mike Ryan and Bob Stotsky and two doubles to win 9-4. Tom Hallett was the winner.

Today's games:  
Reading at Charleston, Springfield at York, Binghamton at Elmira.

## JFK's Plan To Solve Rail Fight Could Remove Issue From Election Campaign

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—President Kennedy's plan for solving the railroad dispute—or at least postponing a showdown until after the 1964 election—should fry several kinds of fish, none of them to his disadvantage.

1. It should eliminate the dispute as an issue in the election campaign.

2. It should avoid getting labor in federal mud at him.

3. It should take the railroad union leaders off the hook.

4. It should help the railroads begin saving money.

### DEPENDS ON BOARD

All this is conditioned on one thing: that the 11-man Interstate Commerce Commission act instead of stall.

Kennedy has asked Congress to empower the ICC, for a two-year period, to hand down decisions in this railroad-union argument which already has dragged on for four years.

He also wants the ICC to have authority to get a federal court injunction to stop a railroad strike if the unions don't like its decisions. This should save the country from a withering shutdown until at least 1965.

Thus the railroad case wouldn't be an issue in the 1964 election. After that a re-elected Kennedy or his successor would have until 1965 to face the problem again, if there is still one by then.

### WOULD SOLVE LABOR

The plan as Kennedy devised it may cost him the votes of some railroad workers next year, if they lose their jobs through ICC decisions, but organized labor as a whole wouldn't have much reason to be sore at him.

It might have been very sore if, instead of this plan, he had asked Congress to force a settlement by compelling railroads and unions to submit to compulsory arbitration, a device unions and management both detest.

That would be naked use of government power. Kennedy in his message to Congress Monday also expressed distaste for settling disputes through compulsory arbitration.

### MILD PLAN

But the very plan he worked out, and the way he worked it out, is in effect compulsory arbitration although he didn't dress it with that name. He made it sound much milder.

This is why: Since the ICC can hand down decisions, and can get a court injunction to prevent a strike if the unions resist the decisions, the result is that the unions will have to accept the ICC's findings. That's compulsory arbitration.

### Marlow's World Today GAL — 2

True, the decisions are supposed to last only for the two-year life of the ICC's authority. After that, supposedly, the decisions will have no effect and railroads and unions will be free to settle their differences themselves.

### WOULD PREVENT STRIKE

But if then a strike threatened again, the President would again step in by asking that the ICC's authority be renewed for another two years or he'd try some other method. But he wouldn't let a strike happen.

The ICC's almost total problem will be the manpower one. The railroads want to cut expenses—and presidential commissions and the Supreme Court have said they have a right to — by wiping out jobs which, they argue, have been rendered unnecessary by modernization.

The railroads want to eliminate thousands of jobs, mostly those of firemen who used to be needed to shovel coal in steam locomotives but now ride in diesel engines.

### LAY-OFF BENEFITS

Under Kennedy's proposal men whose jobs are ordered eliminated by the ICC are to be transferred to other ones or, if they are laid off, are to get severance pay, like 60 per cent of their regular salary for three years, or other benefits.

Suppose that, for the two years before the ICC's authority ends, they've been laid off or removed to other jobs. When the ICC then no longer can give orders will the union leaders start another national crisis to get their jobs back?

They might try, but it's doubtful they would. Their cause would have lost much of its steam not only in the public mind but probably in the view of the other unionists who still had jobs. The excuse for a strike would be diminished.

### UNION UNYIELDING

Up to now union leaders—in the face of approval of job elimination by a presidential commission and the Supreme Court—have refused to yield. This is understandable.

The leaders, elected by their union members, are paid to fight for them and their own jobs depend on their members' support. They can say they did all they could if now, under congressional approval, the ICC starts wiping out jobs.

They can truthfully say there's out.

## JURY CONVICTS 17 STUDENTS IN SIT-IN CASE

XENIA, Ohio (AP)—An all-white jury convicted 17 white college students, including one from Pennsylvania, of trespassing charges and acquitted the lone Negro defendant in the Yellow Springs barber shop case Wednesday.

The Negro student acquitted of trespassing in Lewis Gagner's barber shop in Yellow Springs was David C. Jackson of Central State College. The Pennsylvania convicted was Allen Wright of Ambler.

The case involved a group of 19 demonstrators who staged a sit-in, one of a series at Gagner's an end to how much fighting they do against the government. Thus the Kennedy plan is in a sense protection for the union leaders even though its purpose is to eliminate jobs.

From several standpoints, particularly a political one, the plan is shrewd although Kennedy has already been condemned for not taking a more direct, forceful stand to end the whole dispute fast instead of letting it stretch out.

Maximum penalty on the trespass charge is 30 days in jail and/or a \$50 fine.

MRS. DELLA BUTT

ABBOTTSTOWN—G. A. Ostrom will teach the adult Sunday School class of St. John's Lutheran Church Sunday morning at 9:15 o'clock. The annual church picnic will be held Saturday afternoon and evening in the grove at the Paradise Lutheran Church. Supper will be served at 5:30 o'clock. Persons who need transportation should meet at the church at 3 o'clock.

Several members of the Lutheran League attended the Sunday evening program of the "Dare To Care" conference held at Gettysburg College. The workers' shop, on May 18. They were protesting his consistent refusal to cater Negro customers.

Fifteen defendants were present for the trial. Three others, including Wright, were tried in absentia and one asked a separate trial. All but Jackson of Detroit, are from Antioch College in Yellow Springs. They are affiliated with an organization known as the Antioch College Committee for Racial Equality.

Sentencing of the 17 was deferred pending a defense motion for a new trial. Defense attorneys indicated a motion may be filed within 10 days.

Police said the dead man, El-

## STATE YOUTH PROVES HERO IN DISASTER

NEWARK, N.J. (AP)—A young man from Scranton, Pa., with \$1.40 in his pockets, riding through the night toward the hope of a job, was being hailed as a hero of Wednesday's train wreck in nearby Harrison.

He is Thomas Langan, 22, who was left without his only suitcase and his return train ticket home. But he has the admiration of his fellow passengers on the Port Authority Trans Hudson (PATH) train that collided with a diesel.

### THROWN ACROSS AISLE

Langan was sitting in the second car of the PATH train. The collision tore up one side of the car and he was thrown across the aisle. Pain shot through both legs and the bandage unraveled from his recently broken wrist.

"I kicked out the window and mer Burkey, apparently stood up as the roller coaster entered the final curve. He struck his head against a crosspiece and was knocked from the car, police said. He toppled about 12 feet to the ground.

jumped out of the car," he said. "My first thought was to run. Then I heard screams from the car, people yelling for help. I climbed back in."

Inside the car, Mrs. Berta Goleniak, 50, of Harrison, was sitting on the floor, holding another woman across her lap.

### SAVES VICTIMS

Mrs. Goleniak said Langan carried her out and then went back and carried out the other woman, Mrs. Mary Misiak, through the smoky wreckage. There was no fire. Mrs. Misiak died later in a hospital.

Langan, a lanky, dark-haired man, said he figures he carried out three people.

Another passenger, 39-year-old Guy Soricelli of Metuchen, a New York printer, said Langan was exceedingly modest.

At Beth Israel Hospital, Soricelli told everyone who would listen: "He (Langan) deserves a lot of credit. He did a terrific job in the car." He said every time he looked around Langan was carrying or helping someone from the wreck.

Langan underwent a physical check at Beth Israel Hospital, but was not admitted.

He apparently suffered charley horses and bruises on his legs and he limped.

The Pennsylvania Railroad placed Langan in a local hotel, where he said he would try to get some sleep.

## Redevelopment Act Aids Pennsylvania

WASHINGTON (AP)—Senator Joseph S. Clark, D-Pa., claims Pennsylvania has had more projects and more jobs created under the Area Redevelopment Act than any other state.

"If ever a program was written for Pennsylvania, it is this one," Clark announced in a statement to offset charges by Pennsylvania's Republican Senator Hugh Scott that the state is being short-changed under the act.

Scott said in a letter to constituents that Pennsylvania has not gotten its fair share of aid. He said more money would have been made available to distressed areas in Pennsylvania if counties (in other states) where underemployment rather than substantial unemployment is a problem, had been eliminated from the bill.

Clark said \$5.6 million in projects are pending for Pennsylvania, and an additional \$17 million worth are about to be submitted.

# Scholars Race Time In Effort To Record Historic Materials Soon To Be Flooded By Huge Aswan Dam

By GEORGE McARTHUR  
CAIRO, Egypt (AP) — What many scholars call the greatest open air museum in the world will soon be flooded by water building up behind the Aswan High Dam.

The dam will create a vast lake which will completely cover the ancient "Land of Wawat," and part of the "Land of Kush," two provinces which flourished almost 3,000 years ago.

Even before the time of Wawat and Kush, the area was the rich meeting place on the Nile for Egyptians pushing south against already flourishing civilizations of the upper river.

## HISTORIC WEALTH

The vast lake will be 367 miles long, the whole of it studded with historic wealth. While the great temples of Abu Simbel have caught the world's attention as the most eye-catching site to be flooded, there are about 60 temples and monuments almost as well known to archaeologists — plus many more of lesser interest and an untold number still undiscovered beneath the sands.

Scholars feel that most of the important knowledge to be gained from the area has already been unearthed. But some mysteries remain and there will always be the nagging possibility of some unfound treasure waiting hopelessly to be discovered.

The Land of Kush, for example, now has little chance to become better known. Its kings ruled all of Egypt for a century before 656 B.C., yet relatively little is known of them. Now they seem slated to go largely unsung through the pages of history.

## SCHOLARS SEARCH

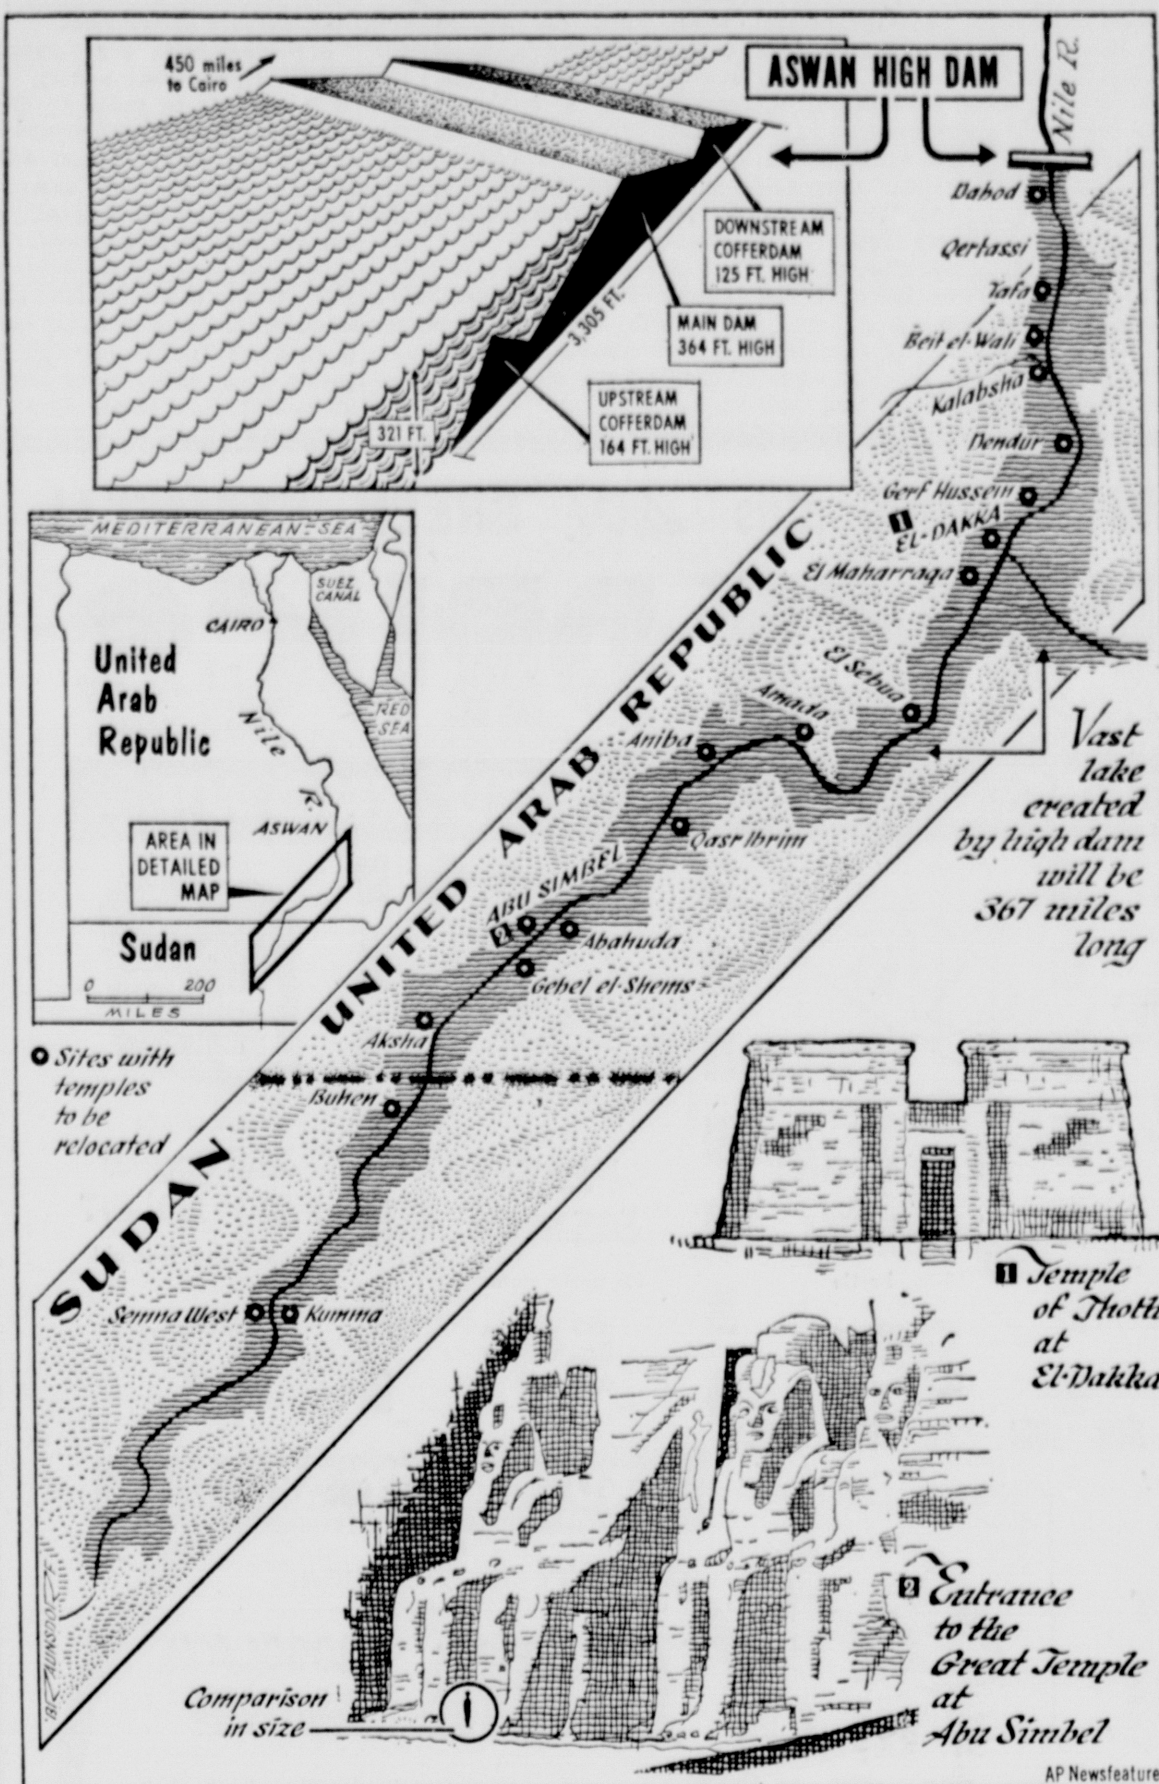

The scholars would also like to have a better idea of what went on in the area of Kush and Wawat some 5,200 years ago. That is the date now indicated when the Egyptians first pushed into the area. But much evidence is still inconclusive, and now seems likely to remain so.

Time is pressing for the scholars.

Though the Aswan High Dam won't be fully completed until 1970, the first stages are now well along. The Nile will start to rise behind the new dam within the next 12 months, inching up steadily thereafter.

## LARGEST RESERVOIR

Eventually the lake will hold 130 billion cubic meters of water — the largest manmade reservoir

in the world.

The project will give Egypt's impoverished millions another million acres of irrigated farmland and furnish more electricity than the whole country now uses.

In addition to the lost antiquities, all this will cost one billion dollars and cause the displacement of 50,000 Nubians now living in the area. They, too, must start moving soon.

and wherever possible they will be grouped in similar patterns so the farmers will have the same neighbors. This has a practical aspect in an area where family feuds are common. The authorities see no need in disrupting old associations and possibly starting new disputes.

Meanwhile, the archaeologists are busy carting away what they can from the threatened valley.

Though the fate of Abu Simbel seems likely to remain in doubt until the last moment, many other temples, monuments and treasures will be saved. Some have already been dismantled and crated up until new sites are agreed.

## INTENSIVE WORK

Intensive work has been underway for more than two years to map, sketch and photograph everything of value in the area. Long before the Nile rises, every inscription in the valley will be recorded.

Much of the work is under the supervision of the United Nations Educational, Scientific and Cultural Organization (UNESCO). Egyptian and Sudanese regulations permitting private expeditions to keep half their archaeological loot have attracted diggers from all over the world.

The main projects, including saving Abu Simbel, would cost at least \$86 million. Of this, \$10 million to relocate some 23 temples is already being spent. The United States has pledged, subject to congressional approval, \$6 million to save the temples on the Island of Philae and \$1.5 million has been given for other purposes.

The Egyptian government has given and pledged the equivalent of \$10 million also. The rest must come from other international pledges.

But when it is all finally settled, the great dam and its vast reservoir will themselves constitute monuments more valuable to Egypt than anything lost beneath the Nile.

## AL Infielders Lean To No. 1 Markers

BOSTON (AP) — Eight of the 10 American League teams have players who wear No. 1 on their uniform.

They are Bob Saverine of Baltimore; Ed Bressoud of Boston; Jim Landis of Chicago; Bubba Phillips of Detroit; Dick Howser of Kansas City; Joe Koppe of Los Angeles; Bobby Richardson of New York and Marv Breeding of Washington.

New areas for them have been prepared in both Egypt and the Sudan. The new villages will be given the same names as the old.

## A Lovelier You

By MARY SUE MILLER

**DON'T COUNT SHEEP.** When you can't sleep don't count sheep—or recount your worries—or worry about your wakefulness.

Research shows that none of these gambits wows the sandman.

There's strong proof that fretting over lost sleep is one of its causes. Actually most adults require less than they get or think they need.

The tack to take when sleep will not come is to get up and do something that interests you—some sedentary task or pursuit. That way you relax and, instead of trying to catch some sleep, it will catch you.

Another theory about sleep is that a brief cat-nap during the day goes a long way to make up for a short night. It breaks the pres-

sure from work, worry and fatigue. As a consequence you have more energy for your duties, pleasure and even the night's sleep to come.

Purely from the feminine view, a soothing preparation for sleep is going "pretty" to bed. Not with a mass of face goo and curlers, but with an invisible amount of cream and with curlers covered in a frilly cap.

On these hot nights it is especially tranquilizing to devote a leisurely half-hour to the beauty rites: to a shower and cologne rubdown; to tending the face and hair; to putting the room in sleep-shape order.

Add a fresh gown and linen, and the atmosphere becomes positively sweet dreams!

## Today In Washington

Today In Washington  
By THE ASSOCIATED PRESS  
WASHINGTON (AP) — In the news from Washington:

**FOREIGN AID:** The Senate Foreign Relations Committee has voted to restore President Kennedy's authority to give Communist Poland and Yugoslavia the kind of trade privileges it extends to its closest friends.

The action by a 9-5 vote Tuesday was a major victory for the administration. It is expected to generate a fight when the foreign aid bill reaches the Senate.

In another action, the committee added \$105 million to the \$272 million it has recommended be cut from Kennedy's \$4.5 billion foreign aid program.

**ANOTHER CORPS:** The Senate Labor Committee has approved President Kennedy's request to establish a 5,000-member domestic peace corps.

The measure, which the committee cleared Tuesday without dissent, would authorize \$5 million for the National Service Corps for its first year. The program would start with no more than 300 men and women volunteers and build up to a maximum of 5,000 in three years.

The members would receive \$75 a month for working on such projects as improving conditions in slums, Indian reservations and among migratory farm workers, and assisting the elderly, the disabled, the mentally ill and the mentally retarded.

The measure now goes to the full Senate for debate.

Service to the community

A colleague of ours tells this one. On Saturdays he sells dimes (10¢ each). Seems the neighborhood movie is next door. The kids stop in before the show for dimes—for the vending machines in the theatre. A lot of our business is like this—service to the community. Glad to do it. Because we're conveniently located and open long hours, we're a handy place to pick up change or a bottle of aspirin. ## Solons Exert Pressure To Keep Trains Running Until Congress Can Act

By JOE HALL

WASHINGTON (AP) — Railroad and unions were under strong congressional pressure today to end the threat of a nationwide rail strike breaking out before legislation can be passed to stop it.

Senate Republican Leader Everett M. Dirksen drafted a resolution aimed at keeping the trains running until Congress has time to act.

And various legislators of both parties voiced appeals that the railroads hold off on new work rules which a carriers' spokesman said Tuesday would go into effect at one minute after midnight next Tuesday as planned.

### WALKOUT SCHEDULED

The five on-train unions have stage a massive walkout the moment the new rules—which would eliminate thousands of jobs—are posted.

Two congressional committees worked at full throttle on President Kennedy's recommendations for settling the dispute. But there were many doubts the measure could reach the White House for Kennedy's signature in time to beat the deadline.

One hope was, however, that the railroads' announcement of their intention to go ahead with the work rules was aimed at keeping Congress hard at work on the bill and that they would postpone the action before time ran out.

Railroad officials went before the Senate Commerce Committee Wednesday to voice their support for Kennedy's formula for handling the dispute.

### DIRECT APPEAL

Many committee members who indirectly called on the carriers Tuesday to give Congress more time to act thus will get a chance to make their appeal directly.

The House Commerce Committee begins its consideration of the administration proposal by hearing Secretary of Labor W. Willard Wirtz who testified Tuesday before the Senate group.

One Senate source said the railroad brotherhoods have already launched a campaign against the bill, which calls for putting the dispute into the hands of the Interstate Commerce Commission.

In Cleveland Roy E. Davidson, grand chief engineer of the independent Brotherhood of Locomotive Engineers, said Tuesday he couldn't think of "a worse place

## INGRAM ASKS DISMISSAL OF COLLEGE HEAD

HARRISBURG (AP) — The Scranton administration has recommended the dismissal of the business manager at the Mansfield State College, it was reported today.

The recommendation was made to State School Superintendent Charles H. Boehm in a memorandum from John Ingram, secretary of administration.

Boehm refused to comment on the situation, but Ingram confirmed he sent the memorandum concerning Theodore Spentzas.

### TRUSTEE ACTION

Boehm was expected to ask the nine-member board of trustees to act on Ingram's recommendation concerning the business manager.

The recommendation was the latest development in a series of investigations into the administration of the state-owned institution under President Lewis E. Rathgeber.

The Ingram memorandum said an investigation by the Bureau of Accounts of the Office of Administration "found a number of irregularities in accounting and related procedures at the college."

### CITE IRREGULARITIES

It stated: "There were no entries in the general control ledger on student tuition funds since May, 1961. —Purchases 'had not been done in an approved manner.'"

—Items were purchased without authorization and without allotments and vendors have not been paid for over a year.

### INGRAM ELABORATES

Ingram elaborated by stating items had been purchased without competitive bids.

He claimed a three-ton air conditioner was purchased for \$1,000 and listed as repairs in the revenue office for the installation of electronic equipment.

There also was an item for purchase of fire place equipment listed as "repair to fireplace in president's home," he added in the memo.

Rathgeber was criticized earlier this year by a three-member investigating team from the Department of Public Instruction which reported lax administration, low student morale and chronic absenteeism by the president.

He and members of the board of trustees met with Boehm last Friday to discuss that report and to hear informally about an investigation made by Robert O. West, chief investigator for the Justice Department.

Thursday.

He promised the committee would hear management representatives after the Senate adjourns today, even if it means a night session.

### WIRTZ TESTIFIES

In his testimony Wirtz said only collective bargaining, not legislation, can provide a completely satisfactory solution.

But he said the administration bill is the best possible and has three big virtues: It would prevent a rail shutdown, provide for disposing of the issues, and preserve collective bargaining as the preferred method of settlement.

GOP Senate Leader Dirksen told newsmen he had drawn up

a resolution declaring it to be the sense of Congress that there should be no cessation of rail service until Congress had had more time to act.

Some Democratic senators pressed Wirtz Tuesday to reopen railroad-union bargaining in an effort to remove the need of congressional action.

But Wirtz indicated there was little hope for negotiations now and added: "I'm afraid both sides could stand (a strike) longer than the public could."

The University of Arizona holds a 57-24 edge in its basketball series with Arizona State College. They first played in 1918.

## Growth Depends On Upgrading Skills

WASHINGTON (AP) — Robert H. Ryan, an industrial expert from Pittsburgh speaking before a House labor subcommittee, has cited upgrading the skills of the work force as a vital ingredient of continued economic growth.

Ryan, president of the Regional Industrial Development Corporation of Southwestern Pennsylvania, urged Congress Tuesday to expand its manpower training program and remove some of its present restrictions.

The subcommittee is considering amendments to the Manpower Development and Retraining Act

requested by President Kennedy as part of his civil rights program. The amendments would provide basic education for illiterate trainees and bring more young people into the program.

Ryan cited the southwestern Pennsylvania area's 40 training programs. He said the area "should have a minimum of 5 per cent of unemployed undergoing retraining," which would amount to 5,000 people. Currently the programs have 800 to 850 trainees.

Cream 1½ cups confectioner's sugar with three-ounce package of cream cheese and a teaspoon of vanilla for a quick cake frosting.

## CHURCH TRIO RAPS RACISM AS IMMORAL

WASHINGTON (AP) — Three churchmen representing Protestant, Catholic and Jewish groups told Congress Wednesday that segregation is immoral and "racism is blasphemy against God."

Dr. Eugene Carson Blake, spokesman for the trio, told a House Judiciary subcommittee in prepared testimony that "we are in the midst of a social revolution. Please God it will remain a social revolution and not degenerate into civil chaos."

He urged Congress to act now to pass President Kennedy's civil rights program.

### CHURCH EXECUTIVE

Dr. Blake, chief executive officer of the United Presbyterian Church who was arrested earlier this month in a Maryland anti-segregation demonstration, appeared with the Rev. John F. Cronin, an official of the National Catholic Welfare Conference, and Rabbi Irwin M. Blank of the Synagogue Council of America.

The subcommittee was one of three congressional groups hearing testimony Wednesday favoring the President's broad program to outlaw segregation in all major areas of public life.

Atty. Gen. Robert F. Kennedy, in his fourth trip to Congress in behalf of the legislation, went before the Senate Judiciary Committee where he faced a hostile audience of Southern senators headed by Chairman James O. Eastland, D-Miss.

Erwin N. Griswold, member of the U.S. Civil Rights Commission and dean of the Harvard Law School, told the Senate Commerce Committee in prepared testimony that the administration bill to outlaw segregation in public accommodations is "the most important issue facing this Congress."

Griswold said widespread demonstrations stemming from the denial to Negroes of access to restaurants, hotels and other places of public accommodations "has challenged our ability to govern ourselves through the peaceful and orderly processes of law."

The three religious leaders are testifying before two other committees today.

## HARRIS URGES 30-DAY DELAY ON WORK RULES

WASHINGTON (AP) — Chairman Oren Harris, D-Ark., of the House Commerce Committee, asked the nation's railroads today to hold up for another 30 days the new work rules they propose to put into effect at 12:01 a.m. Tuesday.

He said Congress could not enact legislation to avert a strike by that time.

Harris asked for an answer within 24 hours.

### ADDRESSED TO LOOMIS

He addressed his request to Daniel P. Loomis, president of the Association of American Railroads, as Harris' committee opened hearings on President Kennedy's plan to have the Interstate Commerce Commission consider work rules for train crewmen.

Loomis said he couldn't give a yes or no answer but that the railroads would consider the appeal.

Loomis went on to say another postponement would rain off more of "the life blood of an anemic industry."

"We've already been delayed and this has continued for some four years," Loomis said.

The railroads contend that forced employment of unnecessary workers is costing them millions of dollars a year.

Secretary of Labor W. Willard Wirtz, leadoff witness for the administration plan, sat puffing on his pipe as the chairman and the railroad official had their exchange.

### HARRIS ASKS 30 DAYS

Harris said he asked the railroads to postpone for 30 days their new, manpower trimming work rules to avert a national walkout. Rail unions have said they will strike the minute the rules are imposed.

Harris said he did not consider the request unreasonable and hoped the railroad would go along.

Loomis said the railroads have been trying to negotiate a work rules settlement for years and charged they are still being forced to make unnecessary payments for work not performed.

Loomis said that has "become intolerable under present conditions."

Harris said that "after four years of discussions the work rules hassle was brought to the attention of Congress only day before yesterday."

Harris said it will take time for Congress to consider properly the "intriguing and unique proposal" President Kennedy has made.

Harris' plea was part of mounting congressional pressure for the railroads to delay putting in the new work rules.

### TWO KILLED, 28 HURT IN CRASH

HARRISON, N.J. (AP)—A man and woman were killed and 28 other passengers injured Wednesday when a Port Authority Trans Hudson line train collided with a parked diesel engine east of the Harrison station.

The four-car train was approaching its last stop before Newark on a run from New York City when the collision occurred about 1 a.m.

Police said the passenger train sideswiped the diesel, tearing out the sides of three of its cars as it ran by.

The diesel, with 10 cars coupled behind, was stopped on a spur but stuck out into the path of the main line, police said.

There were 38 passengers on the train. The parked diesel had a four-man crew, but police said none of them was injured.

end with their parents, Mr. and Mrs. Henry Scott.

## Food Poisoning Is Cited As Summer Danger; Care Is Needed To Keep Food Safe

MRS. HELEN D. TUNISON  
County Home Economist

Keep your picnic foods safe for eating. Only when you do this can your family and friends enjoy them.

Cheese, fish, meat, meat products, poultry and potato salad are good media for the growth of certain bacteria that may cause food poisoning. Tasty and tempting dishes from these foods need proper care to prevent spoilage during hot weather.

On a hot summer day these foods may spoil quickly, so keep

them cold. When held at temperatures above 50 degrees, these high-protein foods are risky. If you won't be serving cheese, meat, or poultry dishes soon after you take them from the refrigerator, pack them in an ice chest and keep cold until you are ready to serve and eat them.

Staphylococci, often the most harmful bacteria that cause food poisoning, are widespread in the air. Eating food containing these bacteria is seldom fatal. But the nausea, vomiting and diarrhea can make a person so ill he may wish he could die. Food containing harmful bacteria may look, taste and smell the same as before it was contaminated.

### KEY TO SLIMMER FIGURE

Proper exercise can help you keep young in spirit and appearance regardless of your age, height or proportions. Regular ex-

ercise may do wonders for the way you look and feel. A few minutes exercise each day can help distribute your weight by taking inches off your waistline, hips, or bust.

Check with your family physician before starting an exercise program. This is especially important if you have been ill or had recent surgery.

Stretching is an excellent way to exercise. It brings seldom used muscles into play and may improve the figure. Try this exercise: Stand with your back to the wall. Then stretch your right arm up the wall as far as possible. Repeat with the other arm. Do the exercise 25 times for each arm.

A variation of this stretching exercise is to stand with your back against the wall and stretch one arm toward the ceiling. Pretend you're trying to grasp something just out of reach. Alternate arms and repeat the exercise 25 times for each arm. Now with both arms raised, touch the palms of your hands together 15 times.

A slide into first base just as the ball whizzes overhead, a riotous game of lawn tag, or even a quiet picnic on the grass. These things are lots of fun for youngsters—but often not for Mom. Not if she has grass stains to remove after the fun is over.

Prompt treatment and the right method are the answers to this problem, say textile chemists of the U.S. Department of Agriculture's Agricultural Research Service.

Here's what they suggest you do to remove a stain from grass, flowers, or foliage:

Work from the wrong side of the fabric, forcing the stain out instead of in.

On washable fabrics, work a detergent into the stain, then rinse. If the stain is stubborn and remains after this treatment, use a chlorine or sodium perborate bleach or hydrogen peroxide. Do not use chlorine bleaches on fabrics that contain silk, wool, or spandex fibers. Read the labels on wash-wear fabrics to see if it is safe to use a chlorine bleach.

Treat grass stains on nonwashable fabrics the same, but try alcohol first, if it is safe for the fabric. Use one part alcohol to two parts water for stains on an acetate fabric.

Brush top sides of eight canned pineapple slices with a couple of tablespoons of melted butter or margarine and sprinkle with a quarter cup of light brown sugar. Broil about four inches from heat source for 10 to 12 minutes. Serve hot on sponge-cake slices with whipped cream for an utterly delicious dessert.

Gravy left over? You can add it to a meat loaf mixture instead of the usual liquid.

## MUSICAL WILL BE PRESENTED

"Bye Bye Birdie," the 1960 musical hit that played on Broadway for 608 performances, will be staged by the Harrisburg Community Theater through the first three weekends in August, beginning August 3. Dick Van Dyke played the original Broadway role of "Conrad Birdie," whose imminent induction into military service panics his rock 'n' roll teen-age fans, Stan Rubinsky, HTC player, will play the Birdie role in the Harrisburg production which will be staged Thursday, Friday and Saturday nights through August 17.

A mixed chorus of 32 singers and dancers will present the routines created by Gower Champion for the original Broadway production. The choreography is under the direction of Elaine Pasick, and Leonard Oxley is musical director. Producers are Katherine Know and Frank and Rose Pulley. Peter Carnahan is director.

Barbara Doran is cast as the mother of Birdie's manager, Albert Peterson, played by Robert Kennedy. His secretary is played by Susan McCorkle. Kim MacAfee, the teen-age fan who is elected to receive Birdie's farewell kiss, is played by Janelle Coppinger and Don Murphy plays the role of her distressed father. Reservations may be made by telephoning the Harrisburg Community Theater box office after July 29.

### Giraudoux Play Gets Fair Test

NEW YORK (AP) — A musical version of "The Apollo of Bel-lac" by French playwright Jean Giraudoux is getting a pre-Broadway test in August at the Dallas State Fair Music Hall.

Nancy Dussault, busy during the past year in the title role of "The Sound of Music," is to appear in the show which has been retitled "Apollo and Miss Agnes." With her will be David Wayne. Sponsor of the show is Bob Banner Associates, a TV production organization.

NEW YORK (AP) — The Theater Guild is planning a series of Bernard Shaw play productions, to start next fall with Carol Channing in "The Millionaire."

The guild said that Lawrence Langner, a founder of the organization, expressed a desire for such a revival series shortly before he died last December.

Miss Channing, night club and musical comedy star, will be playing her first straight drama role in "The Millionaire."

**THE BIG LIFT**—An American-built hydraulic lift carries a lumber load at chipboard factory in Thetford, England. It can handle 20 tons of timber in 10 minutes.

### Tiny Capsule Is On Rocket's Nose

CAPE CANAVERAL, Fla. (AP) — The nose cones of several military missiles test-launched here carry small capsules to gather data on a critical "blackout" period during the cone's re-entry through the atmosphere.

When the nose cone strikes the heat barrier of the atmosphere at 5,000 miles an hour, it glows white-hot as friction raises surface temperature to more than

12,000 degrees Fahrenheit. This causes the air around the vehicle to become electrically charged, temporarily cutting off its radio signal to earth stations.

To preserve the vital data during the few seconds the cone is out of radio contact, the capsule is fitted with a tiny tape recorder to register the missed signals. After the cone has re-entered the atmosphere, the capsule ejects and drops by parachute to a ocean, where skindivers attempt recovery.

## NOVEL TELLS OF PRISONER CHOSEN POPE

THE SHOES OF THE FISH-ERMAN, by Morris L. West Morrow, \$4.95.

It takes a considerable leap of the imagination for an author to create as his main character a pope who surprisingly achieves the chair of St. Peter after 17 years in Soviet prison camps.

It takes an even greater leap of the imagination to confront a situation in which the priestly prisoner's original "interrogator" (a polite word for "torturer") was a man who soon becomes the dictator of Russia.

But that is the basic situation of West's novel. The pope is a Ukrainian cardinal who becomes Kiril I. The dictator is Kameney. The author has seen to it that there is a strange bond between these two men.

### WAS A PRISONER

Since he is a man hardened in prison, Kiril as a pope is impatient with what he regards as time-encrusted bureaucracy of the church, and inevitably he is innovator in such matters as education and peace. The story centers around Kiril's effort to establish secret contact between Russia and the United States.

There is a more mundane (and sometimes rather irrelevant) sub-theme. It deals with a marital mess involving George Faber, a veteran correspondent at the vatican, who loves the young wife

### Atlas Is Better Than Anticipated

CAPE CANAVERAL, Fla. (AP) — When the Atlas, the United States' first intercontinental range missile, was conceived in 1955, the Air Force set these requirements: Maximum range: 6,325 miles; accuracy: within five miles to target; reliability: 50 per cent.

Atlas recently completed its test flight program here with 70 per cent of the 87 development launches successful, and most of the failures occurred in early flights. The missile had hit targets up to 9,000 miles away with average bullseye miss of less than a mile.

Nuclear testing also increased the Atlas destructive power considerably over that originally envisioned.

of a corrupt Italian politician, and a stricken German Jewess, who has reached deep despair and is striving to find herself.

### GOOD NOVELIST

West is an accomplished novelist — best known for "The Devil's Advocate" — and if the reader can manage to accord him a literary suspension of disbelief in the matter of plot, he has some eloquent things to say about the troubled philosophies of a strange man who becomes Christ's vicar.

This is a novel of curious contradictions between its high and low levels, often illuminating, sometimes moving, seldom dull occasionally bizarre in its coincidences, but with quite imaginative, so that many of its concepts are memorable.

## A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

### MORE ABOUT THE McCULLOUGH FAMILY

The notes on the McCullough (or McCollough) family of Lower Marsh Creek are continued at this time with additional grave-ones inscriptions and data from the files of the "Adams Sentinel" (later to be known as the "Star and Sentinel").

Buried in the McCullough family plot in old Lower Marsh Creek Presbyterian churchyard are the following members of the clan — other than the marker already quoted.

2. "Sacred — to the memory of — William W. McCullough — son of W. and H. W. McCullough — Died July 22, 1865 — of disease contracted while — in the service of his country — Aged 22 years."

Note: — Adams Sentinel, Tuesday, July 25, 1865 — "Died, Saturday, July 22, 1865, Mr. William McCullough, the son of Mr. William McCullough, of Highland Township, this County, aged about 22 years. He has just returned from service in the Army."

3. "In memory of — Harriet — wife of William McCullough — Died February 15, 1863 — In her 40th year."

"Also on September 1, 1863, an infant son of J. Paxton — aged 7 months."

Note: — Tuesday, March 10, 1863 —

"Died, February 15, 1863, in New Freedom Township, this County, Mrs. Harriet McCullough, the wife of Mr. William McCullough, aged about 40 years."

Tuesday, September 8, 1863 — "Died, September 1, 1863, in Freedom Township, this County, James Paxton McCullough, the son of William McCullough, aged 7 months."

The mother and brother of the young soldier, William W. McCullough, mentioned above. Apparently the war years spelled tragedy for the William McCullough family.

From the records of the Rev. Dr. William Paxton: —

"Married, December 21, 1840, William McCullough, of Hamilton Bann Township this County, to Harriet White, the daughter of Mr. William White, of Franklin Township, this County."

4. "In memory of — Elizabeth Cobean — wife of — John McCullough — Born February 11, 1815 — Died August 1, 1874 — Aged 59 years."

Note: — Tuesday, July 28, 1874 — "Died, July 25, 1874, Mrs. E. C. (Elizabeth Cobean) McCullough, in this place (Gettysburg), the wife of Mr. John McCullough, aged 59 years, 6 months and 17 days."

There is a discrepancy of some five days in the tombstone inscription and the published obituary of Elizabeth (Cobean) McCullough. At this late date it is impossible to say just which is the correct one.

Elizabeth Cobean was the second wife of John McCullough and apparently no children were born

to this union.

5. "In memory of — Elizabeth McCullough — the wife of — John McCullough — Died September 14, 1858 — Aged 61 years."

Note: — From the records of the Rev. Dr. William Paxton of Lower Marsh Creek Church —

"Married, March 8, 1827, John McCullough, of Hamilton Bann Township this County, to Miss Elizabeth Irvine, of the same place."

Adams Sentinel, Monday, September 20, 1858 —

"Died, Tuesday night, September 14, 1858, Mrs. Elizabeth McCullough, the wife of Mr. John McCullough, of Hamilton Bann Township, this County."

Elizabeth Irvine was the first wife of John McCullough.

6. "In memory of — John McCullough 8 born September 19, 1795 — Died October 6, 1875. Aged 79 years."

Note: — John McCullough, of Lower Marsh Creek Church, was twice married — first to Elizabeth Irvine — second to Elizabeth Cobean. He is buried between his two wives in the churchyard.

7. "In memory of — Adaline McCullough — daughter of J. K. and M. M. — McCullough — Born April 14, 1823 — Died October 30, 1865."

Note: — Adams Sentinel, Tuesday, October 31, 1865 —

"Died, Monday morning, October 30, 1865, in this place (Gettysburg), Miss Adeline McCullough, the daughter of Joseph K. and Mary M. McCullough, deceased, in the 39th year of her age."

8. "In memory of — Samuel Calvin McCullough — son of James and Jane — McCullough — Died September 1, 1838. Aged 9 months."

This completes the list of marked graves of the McCullough family in Lower Marsh Creek Churchyard.

Data on the McCullough clan from the files of the "Adams Sentinel" (later known as the "Star and Sentinel").

1. Wednesday, January 19, 1825 —

"Died, January 11, 1825, Mrs. Mary McCullough, wife of Mr. Joseph McCullough, of Cumberland Township, this County, in the 23rd year of her age — after a short but severe illness."

"She's dead! How mournful is the sound! How deep, how painful is the woe! Her parents sigh — her husband weeps. One orphan babe has lost her care. And cries, in vain, 'my Mother dear.' Thy ways, O God, are just and true — But deep and dark to mortal view."

Marriage records of the Rev. Dr. William Paxton — "Married, October 25, 1821, Joseph McCullough, of Hamilton Bann Township, this County, to

By THE ASSOCIATED PRESS

MEXICO CITY (AP)—Banker David Rockefeller called on President Adolfo Lopez Mateos Tuesday. Rockefeller, who emphasized his visit had no official character, said he gave the Mexican president personal regards from his brother, Gov. Nelson A. Rockefeller of New York.

NEW YORK (AP)—James C. Hagerty, American Broadcasting Co. vice president in charge of news, special events and public affairs, has been elected vice president in charge of corporate relations for American Broadcasting-Paramount Theaters Inc. It was announced Tuesday.

Hagerty was press secretary to former President Eisenhower.

NEW YORK (AP)—Singer Bob. by Darin collapsed on his way to an engagement at Freedoland amusement park. A spokesman attributed Darin's collapse to overwork. He was not hospitalized.

DETROIT (AP)—Joseph L. Rauh Jr. has been appointed general counsel of the United Auto Workers, AFL-CIO, effective Sept. 1.

The appointment was announced by the union Tuesday.

Rauh, Washington attorney for the UAW since 1951, was a founder of the Americans For Democratic Action and served as executive committee chairman and national vice president of the liberal political organization.

## DEMAND JOBS FOR NEGROES

PITTSBURGH (AP)—Some 75 young Negroes, chanting "Jim Crow must go," paraded peacefully through the Lower Hill and Downtown districts of Pittsburgh Wednesday night in what they called a practice demonstration to open more jobs to Negroes.

Officials of the Pittsburgh branch of the National Association for the Advancement of Colored People said this apparently was the first such demonstration in the nation.

The marchers, mostly teenagers, carried American flags and signs that said "Time for Job Justice" and "Jobs Mean Justice."

Earlier in the day Herbert Wilkerson, executive secretary of the NAACP's Pittsburgh office, said the organization would wage an extensive picketing campaign in Pittsburgh aimed at employers he

Wilkerson said a rally would be held Aug. 4 to stir up interest in the campaign. He said a Pittsburgh delegation also would join in the national demonstration at Washington Aug. 28.

## DEMOCRATS TO ASK PROBE OF KIRK FIRING

HARRISBURG (AP)—House Democrats are preparing to demand a legislative investigation of the firing of the superintendent of the Selinsgrove State School and Hospital reports Minority leader Anthony J. Petrosky.

He said Wednesday night that two Democratic house members were rounding up information on the dismissal last Friday of Dr. Daniel L. Kirk, head of the state institution since 1950.

Sen. Paul Mahady, D-Westmoreland, charged in a senate speech Wednesday night that the Scranton administration was guilty of "political ruthlessness and power politics" in the firing of Kirk.

"CREATING JOBS"

Kirk was dismissed by Welfare Secretary Arlin M. Adams for refusing to disavow statements attributed to Kirk that he was being pressured to make political personnel changes at the school.

"They (the Scranton administration) are creating jobs for people by firing qualified persons," said Mahady.

Scranton told his news conference Wednesday that no successor has been chosen for Kirk.

Both he and Adams said there have been no staff resignations in the wake of Kirk's dismissal.

UP TO ADAMS

The governor said he was leaving it to Adams and the Welfare Department's mental health section to come up with a successor.

The governor also said he had no immediate plans to replace the Selinsgrove institution's board members who resigned in the protest earlier this week.

Scranton said he had not seen a letter of protest sent him by some of the school's professional staff.

SMETHPORT, Pa. (AP)—East

Levittown and the West Hazleton Valley All-Stars have reached the semi-finals of the state Babe Ruth Baseball League tournament, thanks to home runs and tight pitching.

John Schott hurled a three-hitter as West Hazleton blanked Drexel Hill 3-0 Wednesday. He was backed by Greg Bruno's two-run homer and Joe Pacelli's solo blast.

## POOCH LIVES TOO HIGH FOR HEIRS' TASTE

TUCSON, Ariz. (AP)—Star, a 6-year-old weimaraner, has lost his air conditioned station wagon, his silver eating dishes and a \$300 a month caretaker.

After three months and \$7,061 of luxury, the pampered pooch is going back to a dog's life.

The decision came when Tucson attorney Martin Rogers announced in Superior Court that he would resign as executor of the estate of Mrs. Olivia Kuhlmann, the animal's late mistress.

Mrs. Kuhlmann's will said that Rogers was to use "sufficient funds" of the \$62,885 estate to care for Star.

The remainder, upon Star's death, is to go to Sol Rosenbloom, Tucson, and Mrs. Mayme Mullen and Mrs. William Walsh of University City, Mo.

As residual heirs, they filed suit to remove Rogers as executor. They said he was too extravagant in caring for Star.

The case came to an abrupt end Tuesday when Rogers said the case has affected his practice and his family in such a way he thought it best to step aside.

The court will appoint a special administrator to care for Star and handle the estate.

## SHOWERS HELP STATE CROPS

HARRISBURG (AP) — Showers in many parts of the state last week restored pastures but were not sufficient to have any lasting effect on sub-soil dryness, says the Pennsylvania Crop reporting Service.

In its weekly report Tuesday, the service added:

"Most sections of the state except the lower Susquehanna Valley had generous amounts of rainfall. Less than a third of an inch was measured in Adams, Cumberland, York and Lancaster counties.

"The hot dry weather in the Lancaster area caused considerable daytime wilting of tobacco plants. Growth has been slow, especially in fields that were planted late.

"The potato crop appears good but harvest of cobbles, now under way, indicates tubers generally will be small.

"Early cabbage in the Schuylkill-Luzerne section shows good yield and quality. Some sweet corn has been picked in southern counties."

## UTILITY BILL RECOMMITTED

HARRISBURG (AP)—The Senate has voted to recommit a bill assessing urban redevelopment authorities with the entire cost of relocating utility facilities within or adjacent to their projects.

The measure was sent back to the Rules Committee Tuesday for a second look after redevelopment officials raised an uproar over the millions of dollars in added costs they expected to face.

The proposal, when first introduced last January, was aimed at permitting boroughs to organize redevelopment authorities.

But the measure suddenly came to life last week after quietly slipping through with amendments to relieve utility companies of relocation costs.

Democratic Floor Leader Charles R. Weiner of Philadelphia praised Republican leaders for their action in urging the bill be recommitted.

## Lehigh Seeks Nod To Drop Short Line

WASHINGTON (AP)—The Lehigh Valley Railroad has asked authority to abandon 6.2 miles of its Bowmans Creek branch between Luzerne and Dallas in Luzerne County, Pa.

The railroad told the Interstate Commerce Commission Tuesday that traffic on the line makes it no longer economically feasible to operate. And it added that a proposed highway project would force relocation of the line. The railroad said that would cost more than it would be worth.

### POLL WATCHERS

HARRISBURG (AP) — The House has approved an administration bill to raise the minimum compensation for election poll watchers from \$10 to \$20. The vote was 183-7 to send the measure to the governor for signature.

Also sent to the governor was a bill to prohibit aldermen or justices of the peace from serving concurrently as treasurers, tax collectors or assessors. The vote was 170-17.

### RESIGN POST

PHILADELPHIA (AP) — Police Commissioner Albert N. Brown has resigned for health reasons, and Howard R. Leary, a deputy commissioner was named to succeed him.

Mayor James H. J. Tate said Brown, who became commissioner July 2, 1960, resigned because of a physical disability. He did not elaborate.
